This helpful resource includes a Video Manual to help you recall and consider both cultural and lexical information presented in the video program. Video activities in the Workbook cover cultural, country-focused footage from the corresponding chapter in the text, while video activities in the Lab Manual cover the linguistic and thematic portions. This streamlined system features practice in structures and vocabulary, abundant listening comprehension practice with dialogues, simulated conversation, and pronunciation practice. The Workbook also features a *A repasar* self-tests at the end of each chapter that allow you to assess your mastery of the targeted structures and vocabulary. Also available on iLrn: Heinle Learning Center.

PLAZAS: LUGAR DE ENCUENTROS, 5th Edition, is a two- or three-semester introductory Spanish program designed to support and enhance your students' language learning experience. PLAZAS transports your students to a Spanish-speaking country or region for an authentic and personalized cultural language-learning experience. Culture is embedded into every page of PLAZAS, giving your students an appreciation of different cultural practices and perspectives. Thanks to an exclusive partnership with the National Geographic Society, the fifth edition facilitates multi-modal interactions with cultural information in new and revised sections. The program's pedagogy continues to be firmly rooted in the research of the National Standards for Foreign Language Learning, or the Five Cs--Communication, Cultures, Connections, Comparisons, and Communities. The new *A explorar!* section draws upon all five standards in an engaging manner while previewing the content of the lesson. Plazas is based on the premise that true, authentic communication takes place where language and culture meet. In the real world, plazas are about meeting and connecting and are at the very heart of every Spanish-Speaking city. Likewise, Plazas is designed to bring you and your students together to communicate and interact. Invoking the metaphor of the plaza, Plazas intends to be a meeting place, a *lugar de encuentro*, for the Spanishspeaking world both in and outside of the classroom.

At the heart of every Spanish-speaking community, the plaza is a place for people to come together and connect. Inspired by this metaphor, PLAZAS: LUGAR DE ENCUENTROS draws students into the study of Spanish by creating a meeting place in every classroom. Each chapter of this successful beginning Spanish program unites the latest in language research with the reality of students and classrooms today, providing opportunities for real-life communication using the rich and colorful threads of Spanish-speaking cultures. With each chapter students are transported to a Spanish-speaking country or region for an authentic, personalized cultural language-learning experience. With this approach, culture is embedded into every page of PLAZAS, giving your students an appreciation of different cultural practices and perspectives. This Third Edition features the increased use of visuals throughout to enhance authenticity, aid in comprehension, address the different learning styles of today's students, and ultimately promote acquisition of the language. traffic circulation, select the most effective and energy efficient lighting system, avoid the most common design and construction pitfalls, provide for adequate patron safety and security, carry out needed repairs, and extend the parking structure life. *Parking Structures* addresses all the major issues related to parking garages. It is an essential reference for parking structure owners, structural engineers, architects, contractors, and other professionals. New in the third edition: This third edition of *Parking Structures* includes new material on metric dimensions and recommendations for functional design globally, new research on flow capacity and queuing at parking entry/exits, an entirely new chapter on planning for a new parking structure, including cost issues and alternatives to structure construction, pedestrian considerations, safety in parking facilities, plazas above parking structures, an expanded chapter on seismic design, seismic retrofit, life cycle cost analysis, and upgrades to existing structures.

NACTO's *Urban Bikeway Design Guide* quickly emerged as the preeminent resource for designing safe, protected bikeways in cities across the United States. It has been completely re-designed with an even more accessible layout. The Guide offers updated graphic profiles for all of its bicycle facilities, a subsection on bicycle boulevard planning and design, and a survey of materials used for green color in bikeways. The Guide continues to build upon the fast-changing state of the practice at the local level. It responds to and accelerates innovative street design and practice around the nation.
