In the fields of pastoral care and pastoral theology, there are times when a book signals a paradigm shift. This is one such book.

LaMothe develops a political pastoral theology that is used to examine critically political, economic, and societal structures and practices. In the first part of the book, LaMothe argues that care and pastoral care are political concepts, which, along with the notion of justice, can be used as a hermeneutical framework to assess

Netflix macropolitical and macroeconomic realities. Included in this section is the notion of civil and redemptive discourse, necessary for the survival and flourishing of persons and polis. The last section of the book examines U.S. Empire, capitalism, class, classism, and other pressing political issues using the hermeneutical lens of care.

The seventh book in the NYT bestselling Expanse series, Persepolis Rising finds an old enemy returning home with more power and technology than anyone thought possible, and the crew of the aging gunship Rocinante tries to rally forces against the new invasion. HUGO AWARD WINNER FOR BEST SERIES An old enemy returns. In the thousand-sun network of humanity's expansion, new colony worlds are struggling to find their way. Every new planet lives on a knife edge between collapse and wonder, and the

Netflix crew of the aging gunship Rocinante have their hands more than full keeping the fragile peace. In the vast space between Earth and Jupiter, the inner planets and belt have formed a tentative and uncertain alliance still haunted by a history of wars and prejudices. On the lost colony world of Laconia, a hidden enemy has a new vision for all of humanity and the power to enforce it. New technologies clash with old as the history of human conflict returns to its ancient patterns of war and subjugation. But human nature is not the only enemy, and the forces being unleashed have their own price. A price that will change the shape of humanity -- and of the Rocinante -- unexpectedly and forever. . . When does democracy work well, and why? Is democracy the best form of government? These questions are of supreme importance today as the United States seeks to promote its democratic values abroad. *Democracy and Knowledge* is the first book to look to ancient Athens to explain how and why directly democratic government by the people produces wealth, power, and security. Combining a history of Athens with contemporary theories of collective action and rational choice developed by economists and political scientists, Josiah Ober examines Athenian democracy's unique contribution to the ancient Greek city-state's remarkable success, and demonstrates the valuable lessons Athenian political practices hold for us today. He argues that the key to Athens's

Netflix success lay in how the city-state managed and organized the aggregation and distribution of knowledge among its citizens. Ober explores the institutional contexts of democratic knowledge management, including the use of social networks for collecting information, publicity for building common knowledge, and open access for lowering transaction costs. He explains why a government's attempt to dam the flow of information makes democracy stumble. Democratic participation and deliberation consume state resources and social energy. Yet as Ober shows, the benefits of a well-designed democracy far outweigh its costs. Understanding how democracy can lead to prosperity and security is among the most pressing political challenges of modern times. Democracy and Knowledge reveals how ancient Greek politics can help us transcend the democratic dilemmas that confront the world

█An urgent read. A courageous life. Quinn's story burns through us and bleeds beauty on every page.█Noé Álvarez, author of Spirit Run: A 6,000-Mile Marathon Through North America's Stolen Land After a childhood marked by neglect, poverty, and periods of homelessness, with a mother who believed herself to be the reincarnation of the Virgin Mary, Carrot Quinn moved out on her own. She found a sense of belonging among straight-edge anarchists who taught her how to traverse the country by freight trains, sleep in fields under the stars, and feed herself by foraging in dumpsters. Her new life was one of thrilling adventure and freedom, but still she was haunted by the ghosts of her lonely and traumatic childhood. The Sunset Route is a powerful and brazenly honest adventure memoir set in the unseen corners of the United States█in the Alaskan cold, on trains rattling through forests and deserts, as

free," she says. "That they will be what they like. That they will own the land their father gave them." "I live for you," I say sadly. Eo kisses my cheek. "Then you must live for more." Darrow is a Red, a member of the lowest caste in the color-coded society of the future. Like his fellow Reds, he works all day, believing that he and his people are making the surface of Mars livable for future generations. Yet he toils willingly, trusting that his blood and sweat will one day result in a better world for his children. But Darrow and his kind have been betrayed. Soon he discovers that humanity reached the surface generations ago. Vast cities and lush wilds spread across the planet. Darrow—and Reds like him—are nothing more than slaves to a decadent ruling class. Inspired by a longing for justice, and driven by the memory of lost love, Darrow sacrifices everything to infiltrate the legendary Institute, a proving ground for
