Provides step-by-step instructions for professional baking techniques; covers baking principles, equipment, and ingredients; and includes more than nine hundred recipes as well as tips on baking for special diets.

"The bible for all chefs." —Paul Bocuse Named one of the five favorite culinary books of this decade by Food Arts magazine, *The Professional Chef* is the classic kitchen reference that many of America's top chefs have used to understand basic skills and standards for quality as well as develop a sense of how cooking works. Now, the ninth edition features an all-new, user-friendly design that guides readers through each cooking technique, starting with a basic formula, outlining the method at-a-glance, offering expert tips, covering each method with beautiful step-by-step photography, and finishing with recipes that use the basic techniques. The new edition also offers a global perspective and includes essential information on nutrition, food and kitchen safety, equipment, and product identification. Basic recipe formulas illustrate fundamental techniques and guide chefs clearly through every step, from *mise en place* to finished dishes. Includes an entirely new chapter on plated desserts and new coverage of topics that range from *sous vide* cooking to barbecuing to seasonality

# Online Library Professional Cooking 8th Edition By Wayne Gisslen

Highlights quick reference pages for each major cooking technique or preparation, guiding you with at-a-glance information answering basic questions and giving new insights with expert tips Features nearly 900 recipes and more than 800 gorgeous full-color photographs Covering the full range of modern techniques and classic and contemporary recipes, The Professional Chef, Ninth Edition is the essential reference for every serious cook.

This is the best-selling undergraduate food preparation textbook in the marketplace. It has a long standing reputation for being comprehensive, yet easy for students to understand and follow. Wayne Gisslen's reputation for being able to simply, yet comprehensively, communicate information to beginning chefs is unsurpassed. Professional Cooking, Seventh Edition includes videos that will help further illustrate the correct techniques in the kitchen. On top of that there are over 100 new recipes, some with particular emphasis on international cooking. Enhanced visual program includes over 220 new color photos, including plated dishes, procedures, and products. Approximately 100 new recipes have been added, for a total of 650 recipes plus another 600 variations. More focus on international recipes and variations. Enhanced topical coverage on such things as: food science, molecular gastronomy, international recipes, and culinary maths. Chapter 10, Understanding Meats, now includes all information on meat fabrication in one convenient place. Up-to-date nutrition guidelines. Thoroughly revised and enhanced CulinarE-Companion Recipe Management software contains all recipes from the book – and 90 bonus

recipes. The software is available through download with the registration code in the back of the book.

Updated and revised to address current concerns about nutrition throughout the life cycle, "Nutrition for Foodservice and Culinary Professionals, Seventh Edition" successfully covers core nutritional topics such as carbohydrates, vitamins and minerals, and dietary needs from a culinary perspective. Bursting with a full-color design and plenty of photographs and illustrations, Drummond and Brefere link nutritional concepts with healthy cooking techniques and recipes. Each book comes with a nutritional software CD-ROM that enables readers to create recipes, modify recipes, and analyze the nutritional content of recipes. Chefs, restaurateurs, dieticians, and other foodservice professionals will find this book an invaluable reference and guide to meeting the nutritional needs of all their customers.

The only product with yield information for more than 1,000 raw food ingredients, The Book of Yields, Eighth Edition is the chef's best resource for planning, costing, and preparing food more quickly and accurately. Now revised and updated in a new edition, this reference features expanded coverage while continuing the unmatched compilation of measurements, including weight-to-volume equivalents, trim yields, and cooking yields. With helpful worksheets; a clear organisation by food type; and a convenient, durable comb binding, The Book of Yields, Eighth Edition is a must-have culinary resource.

# Online Library Professional Cooking 8th Edition By Wayne Gisslen

Focusing on healthy cooking and smart menu planning, this guide to volume cooking for restaurants, caterers and other large foodservice operations provides recipes that yield 50 servings including Gorgonzola and Pear Sandwiches, Chesapeake-Style Crab Cakes and Tequila-Roasted Oysters.

Increase your meat counter confidence with this must-have companion for cooking beef, pork, lamb, and veal with more than 300 kitchen-tested recipes. Part cookbook, part handbook organized by animal and its primal cuts, *Meat Illustrated* is the go-to source on meat, providing essential information and techniques to empower you to explore options at the supermarket or butcher shop (affordable cuts like beef shanks instead of short ribs, lesser-known cuts like country-style ribs, leg of lamb instead of beef tenderloin for your holiday centerpiece), and recipes that make those cuts (72 in total) shine. Meat is a treat; we teach you the best methods for center-of-the-plate meats like satisfying Butter-Basted Rib Steaks (spooning on hot butter cooks the steaks from both sides so they come to temperature as they acquire a deep crust), meltingly tender Chinese Barbecued Roast Pork Shoulder (cook for 6 hours so the collagen melts to lubricate the meat), and the quintessential Crumb-Crusted Rack of Lamb. Also bring meat beyond centerpiece status with complete meals: Shake up surf and turf with Fried Brown Rice with Pork and Shrimp. Braise lamb shoulder chops in a Libyan-style chickpea and orzo soup called Sharba. Illustrated primal cut info at the start of each section covers shopping, storage, and prep pointers and

# Online Library Professional Cooking 8th Edition By Wayne Gisslen

techniques with clearly written essays, step-by-step photos, break-out tutorials, and hundreds of hand-drawn illustrations that take the mystery out of meat prep (tie roasts without wilderness training; sharply cut crosshatches in the fat), so you'll execute dishes as reliably as the steakhouse. Learn tricks like soaking ground meat in baking soda before cooking to tenderize, or pre-roasting rather than searing fatty cuts before braising to avoid stovetop splatters. Even have fun with DIY curing projects.

Takes students as well as lovers of food preparation beyond the basics to more complex recipes, subtler preparation and plating techniques. It includes both color and black and white photographs to illustrate concepts. Following two introductory chapters which detail the development of modern cookery, modern cooking styles, mise en place, finishing, and presentation, it goes on to cover sauces; soups; first courses; fish and other seafood; poultry and feathered game; beef, lamb, pork and veal; variety meats, sausages and game; vegetables; and cold foods. Recipes are given in two quantities--4 and 16 portions.
