To support the broadening spectrum of project delivery approaches, PMI is offering A Guide to the Project Management Body of Knowledge (PMBOK® Guide) – Sixth Edition as a bundle with its latest, the Agile Practice Guide. The PMBOK® Guide – Sixth Edition now contains detailed information about agile; while the Agile Practice Guide, created in partnership with Agile Alliance®, serves as a bridge to connect waterfall and agile. Together they are a powerful tool for project managers. The PMBOK® Guide – Sixth Edition – PMI's flagship publication has been updated to reflect the latest good practices in project management. New to the Sixth Edition, each knowledge area will contain a section entitled Approaches for Agile, Iterative and Adaptive Environments, describing how these practices integrate in project settings. It will also contain more emphasis on strategic and business knowledge—including discussion of project management business documents—and information on the PMI Talent Triangle™ and the essential skills for success in today's market. Agile Practice Guide has been developed as a resource to understand, evaluate, and use agile and hybrid agile approaches. This practice guide provides guidance on when, where, and how to apply agile approaches and provides practical tools for practitioners and organizations wanting to increase agility. This practice guide is aligned with other PMI standards, including A Guide to the Project Management Body of

Cracking the Project Manager Interview is designed to help you land your ideal project management job. The book's unique two-part organization helps you through the job application process, the interviewing process, job training, and everything in between! In Part I you will learn the ins and outs of the interviewing process: how to get your application noticed, how to prepare for the interview, how to uncover hints in an interviewer's questions, and more. Part II is an extensive review of what you need to know in order to ensure success in your interview. This section includes an overview of fundamental of project management and techniques, providing a quick review for those about to go into an interview, and for those considering project management as a profession, it is a great resource to know what you will need to learn. The book provides practice interview questions and solutions, so readers can go into their interviews confidently. In addition to interview tips and tricks, readers will learn how to sell their value and determine if they fit within a specific organization. Project managers will be given an overview of the hiring process, a detailed walk-through of the various project manager careers available to them, and all the information necessary to identify and pursue their ideal career.

Learn the dynamics of the grant-seeking process, including proposal writing and grant management, for public, school, and academic librarians. • A bibliography • A glossary

This new edition of the best-selling job-hunting book of all time should be your essential companion if you are looking for a job. Dealing with the whole process, from creating an outstanding CV and answering the most dreaded interview questions to negotiating a salary, it is suitable for job-seekers at any stage of their career. Great Answers to Tough Interview Questions is full of examples of tough questions that interviewers like to throw at you, showing you how to answer them in a way that will advance your application and help you to secure your dream job. It also offers advice on exploiting the hidden job market, using headhunters, networking, succeeding in telephone interviews, dressing for success, body language, securing a job offer, following up rejections and dealing with multiple offers.

The maker movement culture emphasizes informal, peer-led, and shared learning, while driving innovation. Even though some experts view the maker movement as a move backward to pre-industrial revolution manufacturing, the purpose of making is not to have an abundance of tools in one space; rather, it is about helping participants create personally meaningful projects with the help of mentors, experts, and peers in ad-hoc learning communities. American Perspectives on Learning Communities and Opportunities in the Maker Movement is an essential reference source that discusses the maker movement in the United States, artisanal perspectives, and the learning-through-doing perspective. Featuring research on topics such as educational spaces, management, creativity labs, makerspaces, and operating procedures, this book is ideally designed for entrepreneurs, artisans, academicians, researchers, manufacturing professionals, and students.

Seven Simple Steps to Landing Your First Job: The Shortest Path from Here to Hired is a unique addition to the range of career books. Rather than discussing resumes, interviews, and job sites, Seven Simple Steps shows how to bring these elements together into a manageable process. As this book goes into print, 15 million people in the United States are unemployed. About 2 million people enter the job market from undergraduate and graduate programs each year. Without some advantage, most of those graduates will be wading into a sea of numbers that are overwhelmingly against them. This book is that advantage.
