I love a good historical romance, and there is plenty to love about Joanna Chambers' Provoked, the first book in her Enlightenment series. Provoked gives us two fascinating characters at opposite sides of the spectrum. Lord Murdo Balfour is a wealthy Scot with an estate in Argyllshire; David Lauriston, the son of a farmer, is an advocate (comparable to a barrister) with no safety net of wealth nor privilege.

When a man loses his heart, he has no choice but to follow... Enlightenment, Book 1 Lowborn David Lauriston lacks the family... (ISBN:B00C6ZTN78)

After a traumatic illness robs her of her looks, Rose Davenport has little expectation of making a good marriage—until her feckless father, Miles, unexpectedly brokers a dazzling match for her with the heir to the Earl of Stanhope. Unfortunately, the marriage doesn't live up to her hopes. Instead of the kindly bridegroom she's expecting, Rose gets a sullen young husband who can barely stand to look at her. Gil Truman is in love with the beautiful Tilly when his father informs him that he must instead marry plain, sickly Rose. Forced to agree to the marriage to recover the family fortune his father lost to Miles Davenport in a game of cards, Gil is bitter and heartbroken. Their wretched wedding trip ends with him abandoning Rose at his remote Northumbrian estate, intending never to return. After five years of exile, Rose loses patience and travels to London to make a bid at seducing her errant, faithless husband. But their first encounter at a masked ball changes everything. When Rose learns the secret truth of how Gil was blackmailed into their marriage, her appetite for revenge dissolves. It's too late to turn back, though. Their night of passion has had consequences that force Rose to confront Gil again. Gil's discovery that the lovely, masked stranger he fell for is none other than his own wife, leaves him feeling sick and betrayed. As for Rose, she has deep wounds of her own from years of Gil's neglect. With such unpromising beginnings, can Rose and Gil make any kind of life together? Or are some wrongs too painful to ever be forgiven?

Tormented by his forbidden desires for other men and the painful memories of the childhood friend he once loved, lawyer David Lauriston tries to maintain a celibate existence while he forges his reputation in Edinburgh's privileged legal world. But then, into his repressed and orderly life, bursts Lord Murdo Balfour. Cynical, hedonistic and utterly unapologetic, Murdo could not be less like David. And as appalled as David is by Murdo's unrepentant self-interest, he cannot resist the man's sway. Murdo tempts and provokes David in equal measure, forcing him to acknowledge his physical desires. But Murdo is not the only man distracting David from his work. Euan MacLennan, the brother of a convicted radical David once represented, approaches David to beg him for help. Euan is searching for the government agent who sent his brother to Australia on a convict ship, and other radicals to the gallows. Despite knowing it may damage his career, David cannot turn Euan away. As their search progresses, it begins to look as though the trail may lead to none other than Lord Murdo Balfour, and David has to wonder whether it's possible Murdo could be more than he seems. Is he really just a bored aristocrat, amusing himself at David's expense, or could he be the agent provocateur responsible for the fate of Peter MacLennan and the other radicals?

The heart breaks but does not change. An Enlightenment Story Captain Iain Sinclair. Perfect son, perfect soldier, hero of Waterloo. A man living a lie. The only person who really knows him is his childhood friend, scientist James Hart. But they've been estranged since Iain brutally destroyed their friendship following a passionate encounter. Iain is poised to leave the King's service to become an undercover agent in India. Before he leaves his old life behind, he's

determined to reconcile with James. An invitation to a country house party from James's sister provides the perfect opportunity to pin the man down. James has loved Iain all his life, but his years of accepting crumbs from Iain's table are over. Forgiving Iain is one thing—restoring their friendship is quite another. In the face of James's determined resistance, Iain is forced to confront his reasons for mending the wounds between them. And accept the possibility that James holds the key to his heart's desire—if only he has the courage to reach for it. Warning: Contains a dashing military hero with one weakness—a scientist who feels their chemistry in every cell of his body. Kissing in the rain, skinny dipping, and emotional flashbacks. Huzzah!

Bryn Llewelyn spends his life strung out on too much caffeine, fighting sleep at every turn. He can barely hold down a part-time job as he lurches from day to day, perpetually exhausted. He is trying to avoid Somnus, the dream world where people like Bryn—dreamwalkers—roam during their sleeping hours. Bryn has been dreamwalking since he was child. He's never found navigating Somnus easy, but lately it's become much, much harder. Each time he manifests in Somnus, he is helplessly drawn to a sinister tower. Something evil is imprisoned there—something that wants out—and every time Bryn falls asleep, he finds it more difficult to resist its lure. Not to mention the compelling man who patrols its walls...Laszlo Grimm. As a teenager, Laszlo Grimm suffered from a sleep disorder so profound, his family had him locked up for treatment. Whilst the brutal “therapy” he underwent was successful, Laszlo paid a steep price for it—his ability to feel emotion. Now, for the first time in years, Laszlo's night terrors are returning, and with them, his fears about being locked up again. When Bryn and Laszlo meet in the real world, Bryn recognises Laszlo as the man he has already met in Somnus, but not only does Laszlo not know Bryn, he can't even remember any of his dreams. Bryn fights to open Laszlo's eyes to the truth but Laszlo cannot quite shake the conviction that his old condition is catching up with him...not least because Bryn Llewelyn is awakening emotions in him he hasn't felt in years.

A French musket ball to the leg takes Captain Hugh Fanshawe from the battlefield and leaves him enduring long, quiet days compiling paperwork at Horse Guards headquarters. He knows his lameness makes him the object of pity and distaste at the stifling social engagements he dutifully escorts his mother and sister to, but everything in his orderly life changes when Colonel Theo Lindsay arrives. Theo is everything Hugh is not. He's a man of physical perfection and an enjoyable companion, and their friendship deepens into love. But when the army suspects there's a French spy at Horse Guards, Hugh discovers nothing is as it seems, and the paper he shuffles daily could save his lover's life.

Lysander Winterbourne has been living happily at Edgeley Park for the last eighteen months. By day he is Adam Freeman's estate manager, by night, his lover...but Adam never speaks of his feelings and Lysander has no idea whether their relationship is any more than a convenient arrangement for Adam. When the two men are invited to Winterbourne Abbey for a family Christmas, matters quickly come to a head. Snowed in at the Abbey with a house full of guests, Lysander has to face up to shocking revelations, long-held secrets and a choice he never expected to have to make...

A Winterbourne prequel story 1814: Captain Sam Alderton returns to England from the continent with his life in tatters. Maimed and directionless, the last thing he wants to do is spend Christmas with his family and their close friends, the Huxleys—especially Jasper Huxley, who he almost kissed five years before. Sam plans to avoid the festivities, but when the first snow of winter arrives, and he and Jasper are trapped alone together at Alderton Hall, they find themselves revisiting old traditions and painful memories together—and discovering that things may not have been quite as either of them thought five years earlier.

Lord Perry Cavendish knows that he's seen as a not-too-bright, amiable, sporting sort of chap. The type who can hold his own in the boxing ring, drink most men under the table, and offer a useful opinion on a piece of horseflesh—but not much else. When Perry visits his friend, Lysander Winterbourne, he is introduced to the Honourable Jonny Mainwaring, a free-thinking artist who is everything Perry is not: unconventional, emotional... and very talkative. At first, Perry is overwhelmed by the vibrant, witty Jonny Mainwaring, but when he agrees to sit for him, he discovers the real man beneath the dramatic flourishes, and the undeniable physical attraction he feels for Jonny begins to develop into something more. But Jonny is not to be easily won over. While he has a longstanding weakness for brawny men like Perry, he's still smarting from his latest heartbreak and determined to change his habit of throwing himself into each new affair without pausing to recover from the last. Can Perry convince Jonny that he is more than just an empty-headed young buck, and that they could have a real future together?

When grief-stricken scientist Sir Edward Fitzwilliam provokes public scorn by defending a sham spiritualist, he's forced to retreat to Porthkennack to lick his wounds. Ward's reputation is in tatters, but he's determined to continue the work he began after the death of his beloved brother. In Porthkennack, Ward meets Nicholas Hearn, land steward to the Roscarrock family. Ward becomes convinced that Nick, whose Romany mother was reportedly clairvoyant, is the perfect man to assist with his work. But Nick—who has reason to distrust the whims of wealthy men—is loath to agree. Until Fate steps in to lend a hand. Despite Nick's misgivings, he discovers that Ward is not the high-handed aristocrat he first thought. And when passion ignites between them, Nick learns there's much more to love than the rushed, clandestine encounters he's used to. Nevertheless, Nick's sure that wealthy, educated Ward will never see him as an equal. A storm is gathering, but with Nick's self-doubts and Ward's growing obsession, the fragile bond between the two men may not be strong enough to withstand it.
