Secret of preparation on time is a crucial part of moving from emergency preparation to taking advantage of the various seasons in your life to prepare for the next season. You can apply this teaching to your personal life, career, family, church, business and whatever constitutes your life or whatever is attached to your life. If you consistently build and prepare towards your destiny, career etc. when the time of manifestation comes you will look stronger than somebody that really has greater gifts and grace in his life but didn't prepare. I want you to make up your mind not to wait until crisis comes before you begin to prepare on time. Don't do emergency preparation in your life.
