By Ashley Crossman. Updated August 31, 2019. Within sociology, public and private spheres are thought of as two distinct realms in which people operate on a daily basis. The basic distinction between them is that the public sphere is the realm of politics where strangers come together to engage in the free exchange of ideas, and is open to everyone, whereas the private sphere is a smaller, typically enclosed realm (like a home) that is only open to those who have permission to enter it.

**Private and Public Spheres in Sociology**  
There are situations when public authorities can interfere with your right to respect for private and family life, home and correspondence. This is only allowed where the authority can show that its action is lawful, necessary and proportionate in order to:

The state is often viewed as part of the impersonal public sphere in opposition to the private family as a locus of warmth and intimacy. In recent years this modernist dichotomy has been challenged by theoretical and institutional trends which have altered the relationship between state and family.

Andrew J. Cherlin is Benjamin H. Griswold III Professor of Public Policy and Sociology at Johns Hopkins University. He received a B.S. from Yale University in 1970 and a Ph.D. in sociology from the University of California at Los Angeles in 1976. He is the author of the McGraw-Hill textbook, Public and Private Families: An Introduction.

Public and Private Families: A Reader, Second Editionexamines the family through two lenses -- the familiar private family in which we live most of our personal lives, and the public family in which we, as adults, deal with broader societal issues such as raising the next generation and the care of the elderly. Consequently the selected readings look both at intimate personal concerns, such as whether to marry, as well as societal concerns, such as governmental policies that affect families. The author introduces each chapter, providing helpful lead-ins to the readings that follow. The 32 readings in this edition are comprised of a well-balanced mix of highly accessible selections from the popular press as well as articles from scholarly journals. This reader serves as an excellent companion to other texts in the sociology of marriage and the family and as a useful source of information on its own. It is an excellent supplement to Cherlin's text, Public and Private Families: An Introduction. Its 16 chapters, which address contemporary issues such as the history of the family, welfare and welfare reform, divorce and step-parenting are keyed to the 16 chapters in Cherlin's text.

This text examines the family through two lenses - the familiar private family in which we live most of our personal lives, and the public family in which we, as adults, deal with broader societal issues such as raising the next generation and the care of the elderly. Consequently the selected readings look both at intimate personal concerns, such as whether to marry, as well as societal concerns, such as governmental policies that affect families. The author introduces each chapter, providing helpful lead-ins to the readings that follow. The 32 readings in this edition are comprised of a well-balanced mix of highly accessible selections from the popular press as well as articles from scholarly journals. This reader serves as an excellent companion to other texts in the sociology of marriage and the family and as a useful source of information on its own. It is an excellent supplement to Cherlin's text, Public and Private Families: An Introduction. Its 16 chapters, which address contemporary issues such as the history of the family, welfare and welfare reform, divorce and step-parenting are keyed to the 16 chapters in Cherlin's text.

Nationally recognized for its sound scholarship and balanced approach and written by one of the leading authorities in the field, this text examines the family through two lenses: the familiar private family in which we live most of our personal lives, and the public family in which we, as adults, deal with broader societal issues such as the care of the elderly, the increase in divorce, and childbearing outside of marriage. The book looks at intimate personal concerns, such as whether to marry, as well as societal concerns, such as governmental policies that affect families. Distinctive chapters – Chapter 9, “Children and Parents,” Chapter 10, “The Elderly and Their Families,” and Chapter 14, “The Family, the State and Social Policy” – examine issues of great current interest, such as income assistance to poor families, the effects of out-of-home childcare, and the costs of the Social Security and Medicare programs.

This reader examines the family through two lenses--the familiar private family, in which we live our personal lives, and the public family, in which we deal with broader societal issues, such as raising the next generation, and the care of the elderly. Consequently, these readings look both at intimate, personal concerns, such as whether to marry, as well as societal concerns, such as governmental policies that affect families. The reader corresponds exactly to and is published concurrent with Cherlin's textbook Public and Private Families: An Introduction; both the textbook and the reader have 14 chapters of the same names.

All in the Family demonstrates how policymakers employ family across a host of policy areas to achieve their “non-family” goals and the consequences this has for policy stability over time.

This collection of essays, edited by the distinguished historian of education Richard Aldrich, examines past, present and future relationships between the private and public dimensions of knowledge and education. Following the introduction, it is divided into three sections: \* key themes and turning points in Britain in the eighteenth, nineteenth and twentieth centuries \* examples from the twentieth century of non formal education with particular reference to girls and women, the care and education of pre-school children, sex education and family history \* an analysis of the private and public dimensions associated with globalization and international education and of examples drawn from Australia and the USA. This book will become required reading not only in respect of contemporary and historical debates about private and public spheres in education, but also with reference to the wider themes of the creation, diffusion and ownership of knowledge.

These essays, by widely respected scholars in fields ranging from social and political theory to historical sociology and cultural studies, illuminate the significance of the public/private distinction for an increasingly wide range of debates. Commenting on controversies surrounding such issues as abortion rights, identity politics, and the requirements of democratization, many of these essays clarify crucial processes that have shaped the culture and institutions of modern societies. In contexts ranging from friendship, the family, and personal life to nationalism, democratic citizenship, the role of women in social and political life, and the contrasts between western and (post-)Communist societies, this book brings out the ways the various uses of the public/private distinction are simultaneously distinct and interconnected. Public and Private in Thought and Practice will be of interest to students and scholars in disciplines including politics, law, philosophy, history, sociology, and women's studies. Contributors include Jeff Weintraub, Allan Silver, Craig Calhoun, Daniela Gobetti, Jean L. Cohen, Jean Bethke Elishain, Alan Wolfe, Krishan Kumar, David Brain, Karen Hansen, Marc Garcelon, and Oleg Kharkhordin.

This very teachable book is ideal for child-focused courses that deal with the juvenile justice system and the child welfare system or with the legal position of children within their families and society. The Fourth Edition is updated with case law and legislation current through mid-2019, including the Supreme Court's latest decisions on special education, constitutional limits on punishing minors, new materials on conflicts between parents and state authorities over school curriculum, faith healing, and compulsory vaccination, as well as on the free speech and free exercise rights of students. The chapters on delinquency explore why the new understanding of how and when adolescents mature is revolutionizing the law, and the unit on child abuse and neglect and the child welfare system covers new state and federal legislation, as well as cases from around the country that examine the tension between protecting children's relationships with their families and protecting them from harm. New to the Fourth Edition: The Supreme Court's latest special education decisions Cases challenging new, tough legislation eliminating exceptions to vaccination requirements More in-depth examination of the conflict between students' free speech rights and schools' anti-bullying initiatives The "Making a Murderer" case as a vehicle for analyzing limits on police interrogation of juveniles Cases exploring how Troxel affects child abuse and neglect cases Professors and students will benefit from: Problem exercises throughout the book—some short and others longer and more complex An interdisciplinary approach that incorporates information from related social sciences such as psychology and sociology Balanced perspective and coverage of issues, with no perceptible liberal or conservative bias in tone or selection of topics Ample coverage of juvenile courts Logical organization and clear structure that make it suitable for a variety of teaching styles Teaching materials include: Teacher's Manual Sample interim assessment problems

What is a family? Grandparents, mom, dad, and kids around a Thanksgiving turkey? An egg mother, a womb mother, a sperm donor, and their mutual child? Two gay men caring for their adopted son? In this provocative essay, a leading American legal historian argues that laws about family are increasingly laws about individuals and their right to make their own, sometimes contentious, choices. Drawing on many revealing and sometimes colorful court cases of the past two centuries, Private Lives offers a lively short history of the complexities of family law and family life—including the tensions between the laws on the books and contemporary arrangements for marriage, divorce, adoption, and child rearing. Informal common-law marriage was once widely accepted as a means to regularize property arrangements, but it declined as the state asserted its authority to dictate who could marry and reproduce. In the twentieth century, state attempts to control private life were swept away, most famously in the creation of “no-fault” divorce, a system in which laws that made divorce nearly unattainable were circumvented. Private life, the author argues, as a legitimate sphere, was once basically confined to life in nuclear families; but the modern law of “privacy” extends the accepted zone of intimate relations. The omnipresence of the media and our fascination with celebrity test the boundaries of public and private life. Meanwhile, laws about cohabitation and civil unions, among others, suggest that family and commitment, in their many forms, remain powerful ideals.
