When the world is watching, don't stand aloneThe morning after celebrating his team's championship title, Ben Jimmer wakes up - not to a barrage of well-deserved congratulatory messages, but to a hangover and the news that he may have accidentally come out the night before. His manager convinces him that if you have to be the first openly gay footballer at the prime of your career, there's nothing wrong with enlisting a little help in the form of a long-term, committed and very fake boyfriend. Enter Henry Brown, university student, who's all too happy to lend Ben a hand. Between public appearances and the media spotlight, a careful friendship starts to bloom. But when the lines inevitably start to blur, the question is: are they ready for the real thing?

Ever since he was a young boy, music has coursed through the veins of eighteen-year-old Anthem—the Corp has certainly seen to that. By

File Type PDF Pull Me Under Coda

encoding music with addictive and mind-altering elements, the Corp holds control over all citizens, particularly conduits like Anthem, whose life energy feeds the main power in the Grid. Anthem finds hope and comfort in the twin siblings he cares for, even as he watches the life drain slowly and painfully from his father. Escape is found in his underground rock band, where music sounds free, clear, and unencoded deep in an abandoned basement. But when a band member dies suspiciously from a tracking overdose, Anthem knows that his time has suddenly become limited. Revolution all but sings in the air, and Anthem cannot help but answer the call with the chords of choice and free will. But will the girl he loves help or hinder him? Emma Trevayne's dystopian debut novel is a little punk, a little rock, and plenty page-turning.

Dominic has dreamed of reuniting with Lamar, but pursuing a relationship might threaten his custody of his teenage daughter.

Leaving her best friend (and secret love) Lindsay, seventeen-year-old Koda Rose moves with her mother to New York City, where Koda grows close to the ex-girlfriend of her late father, a famous rock musician

File Type PDF Pull Me Under Coda

who neglected his daughter.

Anthem, playing with an illegal underground rock band, is sought after by the Corporation, who plan to turn his songs into addictive, mind-altering music tracks, and soon Anthem learns defying them comes at a deadly price.

A former soldier turned PI tries to help the fantasy creatures whose lives he ruined in a world that's lost its magic in a compelling debut fantasy by Black Sails actor Luke Arnold. Welcome to Sunder City. The magic is gone but the monsters remain. I'm Fetch Phillips, just like it says on the window. There are a few things you should know before you hire me: 1. Sobriety costs extra. 2. My services are confidential. 3. I don't work for humans. It's nothing personal--I'm human myself. But after what happened, to the magic, it's not the humans who need my help. Walk the streets of Sunder City and meet Fetch, his magical clients, and a darkly imagined world perfect for readers of Ben Aaronovitch and Jim Butcher.

A TIME and NEW YORK TIMES TOP 10 BOOK of the YEAR * New York Times

File Type PDF Pull Me Under Coda

Notable Book and Times Critic's Top Book of 2018 NAMED ONE OF THE BEST BOOKS OF 2018 BY * Elle * Bustle * Kirkus Reviews * Lit Hub* NPR * O, The Oprah Magazine * Shelf Awareness The bestselling and critically acclaimed debut novel by Lisa Halliday, hailed as "extraordinary" by The New York Times, "a brilliant and complex examination of power dynamics in love and war" by The Wall Street Journal, and "a literary phenomenon" by The New Yorker. Told in three distinct and uniquely compelling sections, *Asymmetry* explores the imbalances that spark and sustain many of our most dramatic human relations: inequities in age, power, talent, wealth, fame, geography, and justice. The first section, "Folly," tells the story of Alice, a young American editor, and her relationship with the famous and much older writer Ezra Blazer. A tender and exquisite account of an unexpected romance that takes place in New York during the early years of the Iraq War, "Folly" also suggests an aspiring novelist's coming-of-age. By contrast, "Madness" is narrated by Amar, an Iraqi-American man who, on his way to visit his brother in Kurdistan, is detained by immigration officers and spends the last weekend of 2008 in a holding room in Heathrow. These two seemingly disparate stories gain resonance as their perspectives interact and overlap, with yet new implications for their relationship revealed in an unexpected coda. A stunning debut from a rising literary star, *Asymmetry* is "a transgressive roman a

File Type PDF Pull Me Under Coda

clef, a novel of ideas, and a politically engaged work of metafiction” (The New York Times Book Review), and a “masterpiece” in the original sense of the word” (The Atlantic). Lisa Halliday’s novel will captivate any reader with while also posing arresting questions about the very nature of fiction itself.
