Would love copies of TPRS stories that go with the Realidades Level 1 and 2 textbooks for all units. Thank you so much for this. I've been doing pieces of Spanish commercials and music and the students absolutely love it and I love it too since they are exposed to authentic materials and vocabulary in the target language.

Michigan has made it a requirement that every high school student in the state must pass two credits of a language other than English. That being said there are many ineffective methods of language instruction; however, one method that has proven to be very effective is the Total Physical Response with Storytelling (TPRS) method. This project aims to provide teachers who use the Realidades curriculum in a level one Spanish class with stories and questions aligned with each chapter taught in a first year class. As the process of story creation for the TPRS method can

The stories and activities included in this project are designed to engage middle school students and encourage communication in the target language.
