Revolutionary Summer is a vividly engaging study of strategy. The telling of the story of the "birth of American independence" gives voice to the observation that few entrepreneurial adventures of consequence would ever been undertaken had those pursuing them truly appreciated the hardship, risk and adversity that must be overcome to achieve success.

Revolutionary Summer: The Birth of American Independence

Joseph J. Ellis, *Revolutionary Summer: The Birth of American Independence* (New York: Alred A. Knopf, 2013). \$26.95, 240 pages. Hardcover / Kindle Although the American Revolution can be viewed from many perspectives, history books typically emphasize the political and military ones, and for good reason. The Revolution was a bid for political independence that needed to be secured by force of arms.

Revolutionary Summer: The Birth of American Independence ...

In *Revolutionary Summer*, the eminent historian Joseph Ellis describes the events surrounding the birth of America during the summer of 1776 (loosely defined as May through October of that year). Ellis's stated aim is to treat the military and political events of the period in tandem, and he skillfully establishes that there were two different sets of goals at stake: George Washington's Continental Army considered independence an inevitability, while the Continental Congress considered it a ...

Revolutionary Summer The Birth Of American Independence Ebook

The summer months of 1776 witnessed the most consequential events in the story of our country's founding. While the thirteen colonies came together and agreed to secede from the British Empire, the British were dispatching the largest armada ever to cross the Atlantic to crush the rebellion in the cradle.

thepricesdodc.blogspot.com

The United States Navy celebrates October 13, 1775 as its birthday because that is the date on which the Continental Congress officially authorized the funding of two ships to interdict British forces. Over the course of the Revolutionary War, more than 50 Continental vessels harassed the British, seized munitions, supplied the Continental Army, and engaged in international commerce with ...

The Pulitzer Prize and National Book Award-winning author of *First Family* presents a revelatory account of America's declaration of independence and the political and military responses on both sides throughout the summer of 1776 that influenced key decisions and outcomes.

Draws on the Washington papers from archives at the University of Virginia to chronicle George Washington's military career and presidential years, discussing his struggle to keep an emerging America united and other accomplishments.

The Pulitzer Prize-winning author of *Founding Brothers* shares historical insights into America's post-Revolution efforts for independence, citing key debates over the creations of the Articles of Confederation and the Bill of Rights.

The award-winning author of *Founding Brothers* and *The Quartet* now gives us a deeply insightful examination of the relevance of the views of George Washington, Thomas Jefferson, James Madison, and John Adams to some of the most divisive issues in America today. The story of history is a ceaseless conversation between past and present, and in *American Dialogue* Joseph J. Ellis focuses the conversation on the often-asked question "What would the Founding Fathers think?" He examines four of our most seminal historical figures through the prism of particular topics, using the perspective of the present to shed light on their views and, in turn, to make clear how their now centuries-old ideas illuminate the disturbing impasse of today's political conflicts. He discusses Jefferson and the issue of racism, Adams and the specter of economic inequality, Washington and American imperialism, Madison and the doctrine of original intent. Through these juxtapositions--and in his hallmark dramatic and compelling narrative voice--Ellis illuminates the obstacles and pitfalls paralyzing contemporary discussions of these fundamentally important issues.

The introduction, discussion questions, suggestions for further reading, and author biography that follow are intended to enhance your reading group's discussion of Joseph Ellis's *Founding Brothers: The Revolutionary Generation*. We hope they will enrich your experience of this Pulitzer Prize-winning study of the intertwined lives of the founders of the American republic--John Adams, Aaron Burr, Benjamin Franklin, Alexander Hamilton, Thomas Jefferson, James Madison, and George Washington.

"A remarkable novel" (The New York Times) about America's first female soldier, Deborah Sampson Gannett, who ran away from home in 1782, successfully disguised herself as a man, and fought valiantly in the Revolutionary War. At a time when rigid societal norms seemed absolute, Deborah Sampson risked everything in search of something better. Revolutionary, Alex Myers's richly imagined and carefully researched debut novel, tells the story of a fierce-tempered young woman turned celebrated soldier and the remarkable courage, hope, fear, and heartbreak that shaped her odyssey during the birth of a nation. After years of indentured servitude in a sleepy Massachusetts town, Deborah chafes under the oppression of colonial society and cannot always hide her discontent. When a sudden crisis forces her hand, she decides to escape the only way she can, rejecting her place in the community in favor of the perilous unknown. Cutting her hair, binding her chest, and donning men's clothes stolen from a neighbor, Deborah sheds her name and her home, beginning her identity-shaking transformation into the imaginary "Robert Shurtliff"--a desperate and dangerous masquerade that grows more serious when "Robert" joins the Continental Army. What follows is a journey through America's War of Independence like no other--an unlikely march through cold winters across bloody battlefields, the nightmare of combat and the cruelty of betrayal, the elation of true love and the tragedy of heartbreak. As The Boston Globe raves, "Revolutionary succeeds on a number of levels, as a great historical-military adventure story, as an exploration of gender identity, and as a page-turning description of the fascinating life of the revolutionary Deborah Sampson."

Bestselling author Lauren Tarshis tackles the American Revolution in this latest installment of the groundbreaking, New York Times bestselling *I Survived* series.

"Impassioned and erudite...A captivating portrait of this Massachusetts native as a wonderfully contrary genius possessed of an uncommon moral intelligence and farsighted political wisdom." --Michiko Kakutani, New York Times A fresh look at this astute, likably quirky statesman, by the author of the Pulitzer Award-winning *Founding Brothers* and the National Book Award winning *American Sphinx*. "The most lovable and most laughable, the warmest and possibly the wisest of the founding fathers, John Adams knew himself as few men do and preserved his knowledge in a voluminous correspondence that still vibrates. Ellis has used it with great skill and perception not only to bring us the man, warts and all, but more importantly to reveal his extraordinary insights into the problems confronting the founders that resonate today in the republic they created." --Edmund S. Morgan, Sterling Professor of History Emeritus, Yale University

From historian Thomas B. Allen, author of *Remember Pearl Harbor* and *George Washington, Spy Master* comes a sweeping, dramatic history of the Americans who fought alongside the British on the losing side of the American Revolution. Allen's compelling account comprises an epic story with a personal core, an American narrative certain to spellbind readers of Tom Fleming, David McCullough, and Joseph Ellis. The first book in over thirty years on this topic in Revolution War history, *Tories* incorporates new research and previously unavailable material drawn from foreign archives, telling the riveting story of bitter internecine conflict during the tumultuous birth of a nation.

Young fans of the smash Broadway hit "Hamilton" will enjoy this narrative nonfiction picture book story about the important friendship between George Washington and the Marquis de Lafayette during the Revolutionary War. Lafayette has come to America to offer his services to the patriotic cause. Inexperienced but dedicated, he is a much-needed ally and not only earns a military position with the Continental Army but also Washington's respect and admiration. This picture book presents the human side of history, revealing the bond between two famous Revolutionary figures. Both the author and illustrator worked with experts and primary sources to

represent both patriots and the war accurately and fairly.
