"Rifles for Watie", in my opinion, is the best book ever written. At the beginning of the story the main character, Jeff Bussey, is on his way to sign up for the union army. He thinks he is going to get glory and fame, but he has no idea what he is in for.

captivating and richly
detailed novel about one
young soldier who saw the
Civil War from both sides
and lived to tell the tale.
Earnest, plain-spoken
sixteen-year-old Jeff Bussey
has finally gotten his
father's consent to join the
Union volunteers. It's 1861
in Linn County, Kansas, and
Jeff is eager to fight for
the North before the war is
over, which he's sure will
be soon. But weeks turn to
months, the marches through
fields and woods prove
endless, hunger and
exhaustion seem to take up
permanent residence in
Jeff's bones, and he learns

what it really means to fight in battle—and to lose friends. When he finds himself among enemy troops, he'll have to put his life on the line to advance the Union cause. Thoroughly researched and based on firsthand accounts, *Rifles for Watie* "should hold a place with the best Civil War fiction for young people" (The Horn Book). A strong choice for independent reading and for sharing in a classroom and for homeschooling. As a homeschool cooperative teacher commented: "The book has launched many discussions in our class. When a person is on one side

of a conflict, it is important to remember that people on the other side are also people. Jeff is a perfect model for how treating people with respect can happen even in war."

Jeff Bussey walked briskly up the rutted wagon road toward Fort Leavenworth on his way to join the Union volunteers. It was 1861 in Linn County, Kansas, and Jeff was elated at the prospect of fighting for the North at last. In the Indian country south of Kansas there was dread in the air; and the name, Stand Watie, was on every tongue. A hero to the rebel, a devil to the

Union man, Stand Watie led the Cherokee Indian Na-tion fearlessly and successfully on savage raids behind the Union lines. Jeff came to know the Watie men only too well. He was probably the only soldier in the West to see the Civil War from both sides and live to tell about it. Amid the roar of cannon and the swish of flying grape, Jeff learned what it meant to fight in battle. He learned how it felt never to have enough to eat, to forage for his food or starve. He saw the green fields of Kansas and Oklahoma laid waste by Watie's raiding parties, homes gutted, precious corn

deliberately uprooted. He marched endlessly across parched, hot land, through mud and slash-ing rain, always hungry, always dirty and dog-tired. And, Jeff, plain-spoken and honest, made friends and enemies. The friends were strong men like Noah Babbitt, the itinerant printer who once walked from Topeka to Galveston to see the magnolias in bloom; boys like Jimmy Lear, too young to carry a gun but old enough to give up his life at Cane Hill; ugly, big-eared Heifer, who made the best sourdough biscuits in the Choctaw country; and beautiful Lucy Washbourne,

rebel to the marrow and proud of it. The enemies were men of an-other breed - hard-bitten Captain Clardy for one, a cruel officer with hatred for Jeff in his eyes and a dark secret on his soul. This is a rich and sweeping novel-rich in its panorama of history; in its details so clear that the reader never doubts for a moment that he is there; in its dozens of different people, each one fully realized and wholly recognizable. It is a story of a lesser -- known part of the Civil War, the Western campaign, a part different in its issues and its problems, and fought with a

Inexorably it moves to a dramatic climax, evoking a brilliant picture of a war and the men of both sides who fought in it.
