A timely and entertaining exploration of why ambitious women are often perceived as rude and how the power of rudeness can be harnessed in relationships, in bed, at work, and in everyday life. During a TV interview with a comedian, journalist Rebecca Reid found herself unable to get a word in edgewise. So, when she put her finger to her lips and shushed him, she became instantly known on the internet as “Rebecca Rude.” It was only then that she realized that being rude could actually be her superpower. A captivating blend of advice and pop culture, this “breezy feminist guide” (Publishers Weekly) shows you how to use the power of boldness in every area of your life. Exploring famous women who have been perceived as rude—including Princess Margaret, Anna Wintour, Taylor Swift, Meghan Markle, and others—Rude demonstrates how those women used their “rudeness” to get what they want and deserve out of life. Reid also addresses whether there are different rules of rudeness for women compared to men (yes, there are) and how being taught not to be rude actually prevents women from being successful—especially because when women are assertive, they are often judged as being aggressive. And while there’s a place for politeness, Rebecca argues that it’s never a bad time to stand up for yourself and achieve your dreams.

Mr. Rude is the rudest man you’ll ever meet. When Mr. Happy notices how awful Mr. Rude is being, he sets out to teach him a lesson in etiquette.

Kids today need manners more than ever, and Dude, That’s Rude! makes it fun and easy to get some. Full-color cartoons and kid-friendly text teach the basics of polite behavior in all kinds of situations—at home, at school, in the bathroom, on the phone, at the mall, and more. Kids learn Power Words to use and P.U. Words to avoid, why their family deserves their best manners, and the essentials of e-tiquette (politeness online). It seems like light reading, but it’s serious stuff: Manners are major social skills, and this book gives kids a great start.

Describes how Tumford the cat tests the patience of his parents by making loud and rude noises that compel a lesson in

manners before company arrives.

Love her or hate her, Katie Hopkins is impossible to ignore, and this hilarious and revealing new book – part memoir, part handbook for the modern woman – is much the same. Laughing through the chapters of her life, she shares her disasters, her biggest disappointments and the time she had to ring her super sensible boss to say she was on the front pages of the tabloids for having sex in a field. From being kicked out of the army for being epileptic, to firing Lord Sugar; from her first husband leaving her in the maternity ward for the big-boobed secretary, to the reality behind Celebrity Big Brother, she has plenty of surprises to share and lessons she thinks we should learn. Readers be warned, however! Katie doesn't sugar-coat anything, and neither does she hold back, making her as honest in her book as she is in life. But this book is an introduction to a quieter Katie too, one people seldom see. She takes us beyond her front door and into the privacy of her home, writing as a mum of three, sharing things even she feels awkward saying.

An “extremely funny” take on the decline of civility, from the #1 New York Times–bestselling author of *How the Hell Did This Happen?* (The Plain Dealer). In *Modern Manners*, cultural guru P. J. O'Rourke provides the essential accessory for the truly contemporary man or woman—a rulebook for living in a world without rules. Traditionally, good manners were a means of becoming as bland and invisible as everyone else, thus avoiding calling attention to one's own awkwardness and stupidity. Today, with everyone wanting to appear special, stupidity is at a premium, and manners—as outrageous and bizarre as possible—are a wonderful way to distinguish ourselves, or at least have a fine time trying. This irreverent and hilarious guide to anti-etiquette offers pointed advice on topics from sex and entertaining to reading habits and death. With the most up-to-date forms of vulgarity, churlishness, and presumption, the latest fashions in discourtesy and barbarous display, O'Rourke is our guide to the art of incivility. “Modern Manners is O'Rourke doing what he has always done: making hilarious, insightful, often vicious fun of the world and all its inhabitants.” —People “A reader who rushes through [Modern Manners] from cover to cover—like I did—will feel like a child who has gorged on chocolate cake: happy, but a bit disappointed that it's all gone. The reason O'Rourke's book is so successful, however, is not just his great sense of humor. O'Rourke's writing has a cutting edge behind it, which makes a reader's laughter just a bit thought-provoking, and just a bit rueful . . . Very funny.” —Chicago Tribune

Author John A. Andrews, son of the Caribbean soil, penetrates inside the belly of the drug world. In an environment saturated with corruption, deception, duplicity, deceit, and inequities of all kinds, Andrews conceives a cross Atlantic, greed driven fiasco, embedded within the drug epidemic. Can Jamaican - born, DEA Rude Buay; save his country from the tyranny of the Dragon Drug Cartel?

Media commentators have noted a rising public tolerance to the use of rude or offensive words in modern English. John Lydon's obscene outburst on 'I'm a Celebrity...' only provoked a handful of complaints – a muted reaction compared to the

furor following his use of the f-word on television twenty-eight years earlier. This timely and authoritative exploration of rudeness in modern English draws together experts from the academic world and the media – journalists, linguists, lexicographers and literary critics – and argues that rudeness is an important cultural phenomenon. Tightly edited with clearly accessible pieces, the essays look at rudeness in: the media literature football chants street culture seaside postcards. With contributions from media figures including Tom Paulin and leading media-friendly linguists Deborah Cameron and Lynda Mugglestone, *Rude Britannia* raises concerns about linguistic and social codes, standards of decency, what is considered taboo in the public realm, constructions of bawdy, class, race, power and British identity.

Explaining etiquette from A (“Applause”) to Z (“Zits”), Alex J. Packer blends outrageous humor with sound advice as he guides readers and explains why manners and etiquette are important—because people who know how to handle themselves in social situations come out on top, get what they want, feel good about themselves, and enjoy life to the fullest. Full of practical tips for every occasion, *How Rude!*® is a serious etiquette encyclopedia—and a hilarious read. In 480 pages, this revised and updated edition describes the basics of polite behavior in all kinds of situations at home, in school, online, and in the world.

In this deep dive into the Jamaican music world filled with the voices of creators, producers, and consumers, Larisa Kingston Mann—DJ, media law expert, and ethnographer—identifies how a culture of collaboration lies at the heart of Jamaican creative practices and legal personhood. In street dances, recording sessions, and global genres such as the riddim, notions of originality include reliance on shared knowledge and authorship as an interactive practice. In this context, musicians, music producers, and audiences are often resistant to conventional copyright practices. And this resistance, Mann shows, goes beyond cultural concerns. Because many working-class and poor people are cut off from the full benefits of citizenship on the basis of race, class, and geography, Jamaican music spaces are an important site of social commentary and political action in the face of the state's limited reach and neglect of social services and infrastructure. Music makers organize performance and commerce in ways that defy, though not without danger, state ordinances and intellectual property law and provide poor Jamaicans avenues for self-expression and self-definition that are closed off to them in the wider society. In a world shaped by coloniality, how creators relate to copyright reveals how people will play outside, within, and through the limits of their marginalization.
