At St Mary's Doctoral College, you can study for a PhD, MPhil or a Professional Doctorate in Education (EdD). I undertook a PhD to investigate perceptual-motor skills in sport with the Expert Performance and Skill Acquisition Research Group at St Mary's. The Research Student room in the Naylor Library was a great facility to work, to meet and discuss with other researchers, get insight into other fields, and support each other's PhD journeys.

The major religions of the world are a mystery to many high school teens. Now you can help them unlock the doors of these traditions with our new text, World Religions: A Voyage of Discovery. The book is an introductory survey that helps eleventh and twelfth graders understand the people, dimensions, and religious principles of the world's major religions. The textbook includes a chapter on each of eleven major world

religions, including Christianity, Islam, Hinduism, Buddhism, Judaism, and others. The text offers the Catholic perspective on interreligious dialogue, an overview of basic questions that religions address, and Ninian Smart's seven dimensions of religion. A glossary and word pronunciations in each chapter help students learn unfamiliar terms. In addition, the second edition of this text incorporates the following new features: a new chapter on modern trends in religion; new, more detailed maps; a new section on the Aztec religion of Mesoamerica; a sidebar in each chapter offering examples of the seven dimensions of religion; and review questions at the end of each chapter.

Gen Z is facing uncertainty. And they're not turning to religion to cope. Why is there a disconnect, and how can you bridge the gap? Although nearly 3/4 of young people are religious or spiritual, they don't turn to their faith communities to help them through stressful moments in life. And only 10% of young people told us that a faith leader reached out to them in the past year. But this gap can be bridged. The State of Religion & Young People 2021: Navigating Uncertainty has the data, insights, and frameworks to show you how. * Find out why young people, even religious young people, aren't turning to religion in times of uncertainty or difficulty... * Learn about Faith Unbundled, a framework to help leaders better understand the way young people are constructing their inner lives by drawing on a variety of sources... * Hear from 5 experts from religious, spiritual, and secular traditions for insights about how to connect with Gen Z in light of--not despite--this emerging, unbundled approach to faith. Gen Z, is exploring the boundaries of their faith, constructing meaning, and encountering the divine in new and unique ways. The only question that remains is whether you'll be there to support them.
