DIVEINFORANEWTYPEOF ADVENTURE Liliith Cholmondley is your average teenage girl who loves the sea and practically lives in it along with her brother and friends. Until one day, a haunting girl starts to draw her in for a darker part she never knew about. Barely managing to escape her own death, Liliith wishes to know who exactly the terrifying girl is and what she wants. But sometimes, you have to be careful what you wish for you might get more answers than you actually want. Slowly, she discovers the dangerous side of the sea, and that everything is always not what it seems.

Marketing book is all about basic marketing concepts for beginners. It will be guide to get the essence of marketing management

Written by two of the world's foremost researchers on this industry, Mobile Telecommunications in a High-Speed World not only provides the outcomes of research detailing every licence and launch worldwide involving 3G, but discusses the structure of the industry and the strategic behaviour of operators, as well as the social consequences of the spread of 3G and higher speed technologies. The authors examine the role of new entry upon competition, and present analysis of the main operators involved, and the development of handsets, especially smartphones.

When it comes to creating ideas, we hold ourselves back. That's because inside each of us is an internal editor whose job is to forever polish our thoughts, so we sound smart and in control, and so that we fit into society. But what happens when we encounter problems where such conventional thinking fails us? How to get unstuck? For Mark Levy, t...

The basis for the hit Netflix series! " What Walter Tevis did for pool in The Hustler, he does for chess in The Queen ' s Gambit " (Playboy). When eight-year-old Beth Harmon ' s parents are killed in an automobile accident, she ' s placed in an orphanage in Mount Sterling, Kentucky. Plain and shy, Beth learns to play chess from the janitor in the basement and discovers she is a prodigy. Though penniless, she is desperate to learn more—and steals a chess magazine and enough money to enter a tournament. Beth also steals some of her foster mother ' s tranquilizers to which she is becoming addicted. At thirteen, Beth wins the chess tournament. By the age of sixteen she is competing in the US Open Championship and, like Fast Eddie in The Hustler, she hates to lose. By eighteen she is the US champion—and Russia awaits . . . Fast-paced and elegantly written, The Queen ' s Gambit is a thriller masquerading as a chess novel—one that ' s sure to keep you on the edge of your seat. " The Queen ' s Gambit is sheer entertainment. It is a book I reread every few years—for the pure pleasure and skill of it. " —Michael Ondaatje, Man Booker Prize – winning author of The English Patient

This book views Samsung Electronics in terms of corporate life cycle as well as product portfolio and strategy. It also examines the issues Samsung faces as it proceeds further into the 21st century. Written from the perspective of an experienced commentator on Korean and global business, this book presents not simply a narrative or an adulatory and uncritical account of Samsung's rise, but a considered analysis of the secrets of success that both business students and CEOs will want to read and consider applying to their own companies.

Journalist Leander Kahney reveals how CEO Tim Cook has led Apple to astronomical success after the death of Steve Jobs in 2011. The death of Steve Jobs left a gaping void at one of the most innovative companies of all time. Jobs wasn't merely Apple's iconic founder and CEO; he was the living embodiment of a global megabrand. It was hard to imagine that anyone could fill his shoes--especially not Tim Cook, the intensely private executive who many thought of as Apple's "operations drone." But seven years later, as journalist Leander Kahney reveals in this definitive book, things at Apple couldn't be better. Its stock has nearly tripled, making it the world's first trillion dollar company. Under Cook's principled leadership, Apple is pushing hard into renewable energy, labor and environmentally-friendly supply chains, user privacy, and highly-recyclable products. From the massive growth of the iPhone to lesser-known victories like the Apple Watch, Cook is leading Apple to a new era of success. Drawing on access with several Apple insiders, Kahney tells the inspiring story of how one man attempted to replace someone irreplaceable, and--through strong, humane leadership, supply chain savvy, and a commitment to his values--succeeded more than anyone had thought possible.

It's been nearly fifteen years since Apple fans raved over the first edition of the critically-acclaimed The Cult of Mac. This long-awaited second edition brings the reader into the world of Apple today while also filling in the missing history since the 2004 edition, including the creation of Apple brand loyalty, the introduction of the iPhone, and the death of Steve Jobs. Apple is a global luxury brand whose products range from mobile phones and tablets to streaming TVs and smart home speakers. Yet despite this dominance, a distinct subculture persists, which celebrates the ways in which Apple products seem to encourage self-expression, identity, and innovation. The beautifully designed second edition of The Cult of Mac takes you inside today's Apple fandom to explore how devotions--new and old--keep the fire burning. Join journalists Leander Kahney and David Pierini as they explore how enthusiastic fans line up for the latest product releases, and how artists pay tribute to Steve Jobs' legacy in sculpture and opera. Learn why some photographers and filmmakers have eschewed traditional gear in favor of iPhone cameras. Discover a community of collectors around the world who spend tens of thousands of dollars to buy, restore, and enshrine Apple artifacts, like the Newton MessagePad and Apple II. Whether you're an Apple fan or just a casual observer, this second edition of The Cult of Mac is sure to reveal more than a few surprises, offering an intimate look at some of the most dedicated members in the Apple community.
