Matt Carter, self-proclaimed sex-god and drummer for world renowned Souls of the Knight, didn't have the time or inclination for planning his future, preferring to fill his days with music, women and alcohol. He didn't want or need anything else in his life. Until the band parted ways and he found himself no longer living the dream. Bored and lonely, with too much time and money on his hands, Matt turns to his best friend, Alex Clark, to help devise a new direction to take his life in. Together, they embrace their newfound venture, as owner and manager of one of L.A.'s hottest gay clubs - Kaleidoscope. For the first time, Matt has a plan. He knows where life is heading. Until a devastating phone call turns his whole world upside down, sending him straight into the comforting arms of his best friend and leading

him to doubt everything he's ever known or believed about himself. Alex had always been content with his unrequited feelings for his rockstar friend, but as Matt starts to question if he might actually feel the same, he runs as fast as his feet will allow. Has Matt gone too far? Has his reputation as an irresponsible womanizer who refuses to take life seriously, finally managed to push his best friend away for good? Or is Alex hiding secrets of his own? (M/M romance. Not suitable for under 18's due to language and sexual content.)

Dylan Roberts and Cameron O'Neil were good kids. Growing up together, they shared everything. By the age of fourteen they were more than best friends - they were in love. They dreamt of their future, of success, marriage...happiness. They were going to grow old by each other's side. But... "Kids are stupid." When tragic circumstances forced them apart, Dylan discovered that life wasn't the fairytale he dreamed of; it was dark, difficult, saturated with pain and shame. Life wasn't meant to be enjoyed, merely survived, but even that became a challenge. Damaged, worthless, and disgusting, he saw no point to his pitiful existence... Until he came face to face with the boy he used to love. Successful, honourable, and happy, Cameron had achieved the future they planned. He was good, positive, popular...everything Dylan would never be. What would happen if Dylan let him back into his world? Would he destroy Cameron too? Would his poison push him away like everyone else? "Everybody leaves." "They leave or they die." But what if...what if Cameron didn't? (MM Romance, recommended for over 18's due to language, sexual content, and scenes of IV drug use.)

Beaten by her mother and whipped by her stepfather, Emily eventually finds her way into the care system at the age of twelve, and has an abortion after being gang-raped at thirteen. Continuously abused in a sequence of homes, she runs away at sixteen, becomes a prostitute in Soho, and convinces herself she is being punished for killing her baby. But it was never meant to be like that. Adopted at birth in 1956 by a middle-class family, Emily shared a golden childhood with her adopted sister Amy, attending private schools, and enjoying singing and dancing lessons. Things soon changed when Emily's jealous mother came to regard her as a rival. A bored and restless woman, she beat Emily for the first time when she was seven years old and from then on seemed to become addicted to inflicting pain on her daughter. Despite Emily's father's attempts to protect her, the parental rows grew more malicious, until the mother moved out and remarried a narcissistic widower with alcohol problems and a vicious, bullying temper. The abuse intensified until Emily was placed into voluntary care. And so began a toxic spiral of remand homes, psychiatric hospitals, and sleeping rough. It wasn't long before Emily became a teenage 'working girl', where she was paid to engage in bizarre sadomasochistic acts for perverted clients, including a senior judge and a policeman. It was only when she was almost murdered that she turned her life around. Set principally between 1966 and 1972, Runaway captures the sleazy Soho of the period, and the frightening conditions in which many children were kept in care.

Since putting his life on hold ten years ago, Oliver Clayton doesn't know who he is anymore. To his clients at the hair salon, he's the sassy and confident stylist. To the crowds who come to watch his drag act at the club, he's the fierce and fabulous Miss Tique. He's popular. Talented. Out, proud, and self-assured. He's also a good actor. Sebastian Day is content with life's easy, if not a little monotonous, routine. After several failed relationships, he likes the simplicity of being alone in his truck at his job as a heavy goods driver, spending the weekends with his teenage son, and putting the world to rights with his cat, Marv. He's not lonely. He isn't hiding. At least...he doesn't think he is until he meets the mesmerising stranger with the red hair and purple lips. Can Oliver and Sebastian help each other embrace who they are? Or will a cruel twist of fate end their journey before it's even begun? (M/M Romance. Not recommended for readers under 18 years of age due to language and sexual content.)

When everything falls apart, Ness and Evan are both faced with difficult choices. All because of Lucy.

You met Ryder Richardson in Being Sawyer Knight. Now, this is his story. I've done it. I've stuck a whopping two fingers up at my parents, I've made a name for myself as one of the world's biggest adult entertainment stars and I've finally found a family I belong in. Life is amazing. I get paid to do all my favourite things. And then he comes along. Mason George - Back Door Studio's newest exclusive model and the guy who has the potential to either mess it all up, or take me on the best ride of my life. ~ Ryder I'm desperate. I've got nothing and nobody left. Entering the daunting world of adult entertainment is less of a dream and more of a necessity. Signing as Back Door Studio's latest model has the ability to either ruin or make me, but I made a vow at my first audition never to let myself regret it. I continue to question myself each day, but no amount of whats, whys or what ifs will change where I am or where I'm heading. Am I strong enough to do this? To embrace it? To enjoy it? I have no idea. The only thing I'm certain of, is that if anyone can teach me who I'm supposed to be, it's Ryder Richardson. ~ Mason (M/M romance. In many ways, divorce is a quintessentially personal decision—the choice to leave a marriage that causes harm or feels unfulfilling to the two people involved. But anyone who has gone through a divorce knows the additional public dimensions of breaking up, from intense shame and societal criticism to friends' and relatives' unsolicited advice. In *Intimate Disconnections*, Allison Alexy tells the fascinating story of the changing norms surrounding divorce in Japan in the early 2000s, when sudden demographic and social changes made it a newly visible and viable option. Not only will one of three Japanese marriages today end in divorce, but divorces are suddenly much more likely to be initiated by women who cite new standards for intimacy as their motivation. As people across Japan now consider divorcing their spouses, or work to avoid separation, they face complicated questions about the risks and possibilities marriage brings: How can couples be intimate without becoming suffocatingly close? How should they build loving relationships when older models are no longer feasible? What do you do, both legally and socially, when you just can't take it anymore? Relating the intensely personal stories from people experiencing different stages of divorce, Alexy provides a rich ethnography of Japan while also speaking more broadly to contemporary visions of love and marriage during an era in which neoliberal values are prompting wide-ranging transformations in homes across the globe.
