Critics shudder at mixed metaphors like 'that wet blanket is a loose cannon', but admire 'Life's but a walking shadow, a poor player', and all the metaphors packed into Macbeth's 'Tomorrow, and tomorrow, and tomorrow' speech. How is it that metaphors are sometimes mixed so badly and other times put together so well? In Mixed Metaphors: Their Use and Abuse, Karen Sullivan employs findings from linguistics and cognitive science to explore how metaphors are combined and why they sometimes mix. Once we understand the ways that metaphoric ideas are put together, we can appreciate why metaphor combinations have such a wide range of effects. Mixed Metaphors: Their Use and Abuse includes analyses of over a hundred metaphors from politicians, sportspeople, writers and other public figures, and identifies the characteristics that make these metaphors annoying, amusing or astounding.

"Exploring the figure of the heretic in Catholic writings of the twelfth and thirteenth centuries as well as the heretic's characterological counterpart in troubadour lyrics, Arthurian romance, and comic tales, Truth and the Heretic seeks to understand why French and Occitan literature of the period celebrated the very characters who were so persecuted in society at large. Karen Sullivan proposes that such literature allowed medieval culture a means by which to express truths about heretics and the epistemological anxieties they aroused." "The first book-length study of the figure of the heretic in medieval Lyric and Occitan literature, Truth and the Heretic will fascinate historians of ideas and literature as well as scholars of religion, critical theory, and philosophy."--

The curious paradox of romance is that, throughout its history, this genre has been dismissed as trivial and unintellectual, yet people have never ceased to flock to it with enthusiasm and even fervor. In contemporary contexts, we devour popular romance and fantasy novels like The Lord of the Rings, Harry Potter, and Game of Thrones, reference them in conversations, and create online communities to expound, passionately and intelligently, upon their characters and worlds. But romance is "unrealistic," critics say, doing readers a disservice by not accurately representing human experiences. It is considered by some to be a distraction from real literature, a distraction from real life, and little more. Yet is it possible that romance is expressing a truth--and a truth unrecognized by realist genres? The Arthurian literature of the Middle Ages, Karen Sullivan argues, consistently ventriloquizes in its pages the criticisms that were being made of romance at the time, and implicitly defends itself against those criticisms. The Danger of Romance shows that the conviction that ordinary reality is the only reality is itself an assumption, and one that can blind those who hold it to the extraordinary phenomena that exist around them. It demonstrates that that which is rare, ephemeral, and inexplicable is no less real than that which is commonplace, long-lasting, and easily accounted for. If romance continues to appeal to audiences today, whether in its Arthurian prototype or in its more recent incarnations, it is because it confirms the perception--or even the hope--of a beauty and truth in the world that realist genres deny.

When Poppy's sister falls to her death from a railway bridge, she begins her own investigation, with devastating results ... A startlingly twisty debut thriller. 'Uncovering the truth propels her into a world of deception. An unsettling whirlwind of a novel with a startlingly dark core. 5 Stars' The Sun 'Sharp, confident writing, as dark and twisty as the Brighton Lanes' Peter James 'Superb up-to-the-minute thriller. Prepare to be seriously disturbed' Paul Finch _____ When India falls to her death from a bridge over a railway, her sister Poppy returns home to Brighton for the first time in years. Unconvinced by official explanations, Poppy begins her own investigation into India's death. But the deeper she digs, the closer she comes to uncovering deeply buried secrets. Could Matthew Temple, the boyfriend she abandoned, be involved? And what of his powerful and wealthy parents, and his twin sister, Ana? Enter the mysterious and ethereal Jenny: the girl Poppy discovers after hacking into India's laptop. What is exactly is she hiding, and what did India discover...? A twisty, dark and sexy debut thriller set in the winding lanes and underbelly of Brighton, centring around the social media world, where resentments and accusations are played out, identities made and remade, and there is no such thing as the truth. _____ 'Well written, engrossing and brilliantly unique, this is a fab debut' Heat 'With twists and turns in every corner, prepare to be surprised by this psychological mystery' Closer 'Lucy V Hay's fiction debut is a twisted and chilling tale that takes place on the streets of Brighton ... Like Peter James before her, Hay utilises the Brighton setting to create a claustrophobic and complex read that will have you questioning and guessing from start to finish. The Other Twin is a killer crime-thriller that you won't be able to put down' CultureFly 'Crackles with tension' Karen Dionne 'A fresh and raw thrill-ride through Brighton ?s underbelly. What an enjoyable read!' Lilja Sigurðardóttir 'Slick and compulsive' Random Things through My Letterbox 'A propulsive, inventive and purely addictive psychological thriller for the social media age' Crime by the Book 'Intense, pacy, psychological debut. The author's background in scriptwriting shines through' Mari Hannah 'The book merges form and content so seamlessly ... a remarkable debut from an author with a fresh, intriguing voice and a rare mastery of the art of storytelling' Joel Hames 'This chilling, claustrophobic tale set in Brighton introduces an original, fresh new voice in crime fiction' Cal Moriarty 'The writing shines from every page of this twisted tale ... debuts don't come sharper than this' Ruth Dugdall 'Wrong-foots you in ALL the best ways' Caz Frear 'Original, daring and emotionally truthful' Paul Burston 'A cracker of a debut! I couldn't put it down' Paula Daly

Hundreds of creative ideas for cakes, cupcakes and cake pops Make your cake the star of any celebration as Step-by-Step Cake Decorating teaches you how to decorate cakes one step at a time. Step-by-step instructions will help you to master the techniques of piping, stencilling and painting. In no time you'll be making spectacular sweet creations. Decorating possibilities are endless with flawless fondant, royal icing and fluffy buttercream and key ingredients are explained so that your icing tastes as good as it looks. A guide to cake decorating equipment ensures that you have everything you need. Expert cake decorators show you simple ways to create everything from elegant flowers to a cake pop pirate with a selection of 70 top step-by-step sequences from the print book. 20 unique projects let you show off your skills, from bespoke birthday cupcakes to beautiful butterfly cupcakes, ideal for summer entertaining. Perfect for the enthusiastic decorator Step-by-Step Cake Decorating will inspire creative ideas for cakes, cupcakes and cake pops for every occasion.

This edited volume brings together the latest research on fictive interaction, that is the use of the frame of ordinary conversation as a means to structure cognition (talking to oneself), discourse (monologues organized as dialogues), and grammar ("why me? attitude"). This follows prior work on the subject by Esther Pascual and other authors, most of whom are also contributors to this volume. The 17 chapters in the volume explore fictive interaction as a fundamental cognitive phenomenon, as a ubiquitous discourse-structuring device, as a possibly universal linguistic construction, and as an effective communicative strategy in persuasion and language pathology. The data discussed involve a wide variety of unrelated languages (spoken and signed) and modes of communication (oral, written, visual), across cultural contexts and historical time. The research presented combines linguistics and cognitive science, while bridging the gap between core grammatical studies and modern conversation and discourse analysis. The volume further reaches across what may be the most basic divide in linguistics: that between descriptive, theoretical, and applied linguistics.

Women today must champion themselves, whether in the workplace or at home--and they don't need whips, four-inch heels, or leather to strut through life. This guide will help readers rediscover themselves and reevaluate their everyday actions.
