What is a Professional Scrum Master™. Professional Scrum Masters demonstrate knowledge and understanding of Scrum and their ability to apply it in real-world situations. The value of certification is intimately tied to the demonstration of knowledge needed to achieve it. By that measure, the PSM assessments are significantly more valuable than available alternatives for Scrum.

Scrum Master Certification From the Home of Scrum

PSM certification through Scrum.org costs \$150 for PSM I certification, \$250 for PSM II, and \$500 for PSM III. PSM certificates require no renewals or continuing education credits. Renewal costs and requirements for the PMI-ACP and SAFe Scrum master certifications can be found in the reviews of the Project Management Institute and Scaled Agile above.

The 5 Best Scrum Master Certifications of 2020

- The PSM 1 exam is administered by a company guided by Ken Schwaber, who is one of the co-founders of Scrum.
- PSM is the most meritorious certificate of all that certify Scrum. Other certifications can easily be obtained by attending a class or through an exam where failing could only happen by intention.
- PSM assessment requires good knowledge of the original version of Scrum, and its passing requirements are high (85%).

This pocket guide is the one book to read for everyone who wants to learn about Scrum. The book covers all roles, rules and the main principles underpinning Scrum, and is based on the Scrum Guide Edition 2013. A broader context to this fundamental description of Scrum is given by describing the past and the future of Scrum. The author, Gunther Verheyen, has created a concise, yet complete and passionate reference about Scrum. The book demonstrates his core view that Scrum is about a journey, a journey of discovery and fun. He designed the book to be a helpful guide on that journey. Ken Schwaber, Scrum co-creator says that this book currently is the best available description of Scrum around. The book combines some rare characteristics:

- It describes Scrum in its entirety, yet places it in a broader context (of past and future).
- The author focuses on the subject, Scrum, in a way that it truly supports the reader. The book has a language and style in line with the philosophy of Scrum.
- The book shows the playfulness of Scrum.

David Starr and Ralph Jocham, Professional Scrum trainers and early agile adopters, say that this is the ultimate book to be advised as follow-up book to the students they teach Scrum to and to teams and managers of organizations that they coach Scrum to.

If you want to pass both the Professional Scrum Master(TM) I exam and the Professional Scrum Product Owner(TM) exam on your first try, this is the only book you will need to read! In only 50 pages, you will learn all that is necessary to understand Scrum, the Scrum Master position, the Product Owner position and to pass both exams. Rather than explaining Scrum through lengthy anecdotes, this book boils down the wisdom of Scrum into short, compact statements that are clear and easy to understand. It guides you through the key knowledge of the 2020 Scrum Guide and provides you with questions that allow you to check your understanding and prepare you for your real exams. Author Moritz Knueppel has been working as a Scrum Master and Agile Coach for several years, as an employee and a freelancer, in start-ups and 10,000 employee corporations. Over the past years, he has delivered hundreds of hours of Scrum training sessions and has taught and coached people for every level of the PSM exams. He is one of only a handful of people in the world to have completed every single Scrum.org certification, including PSM III and PSPO III.
