Secrets in the Shadows (Bluford High, #3) by Anne Schraff

'Secrets in the Shadows' is a romantic saga spanning three generations of women over two centuries. The writing style makes easy reading but this story is extraordinary. A strange mystical thread binds each generation.

Secrets In The Shadows by Hannah Emery

Secrets in the Shadows continues the story that started with Secrets in the Attic. The story focuses on Alice, the daughter of Karen and Jesse who readers meet in the first book of the series. As with the first book in this series, I really enjoyed this book.

Secrets in the Shadows (Secrets, #2) by V.C. Andrews

Secrets in the Shadows is a fantastic novel and I would urge anyone and everyone to read it. Intricately weaving together separate stories across three successive generations of women, the gripping plot is elaborate without being confusing, the characters are multi-layered, the portrayal of Blackpool throughout the last century is vivid and engaging, and the prose is a delight to read.

The Secrets of the Shadows didn't disappoint. Shadows sees Annie Graham from TGH facing a new serial killer but something else sinister too. I really don't want to give any spoilers away and I can't put many more comments without doing that so all I'll say is that Helen has created an atmospheric and chilling tale where the past and present collide.

The Guardians of the Night sacrifice the superior physical and psychic strength that comes with feeding on humans to protect them. Standing in his way is a human, spitfire Hannah Moore, who has followed him to Baltimore to help him confront his past. Oprah had a lightbulb moment when she connected with Debbie Ford's shadow work. Now, Debbie deepens our shadow work and shows how our shadow side holds the key to our happiness. Each of us has a shadow that whispers stories of our own self-defeating fears to us—for example: that we aren't enough, that we are unworthy of being loved, that we will be deserted by those whom we care about. Debbie guides us to hear those stories and find the positive message within each of them. She shows how understanding our own shadow side can lead us to lives of tremendous fulfillment and peace. Full of case studies and exercises, this book complements her first book on shadow work, which has sold almost half a million copies.

"After suffering betrayals and losses, Ara, Nimhea, Lahvja, and Teth must try to come together and find the Loreknights across the kingdom"--

Secrets and Shadows is a novel about how the events of the Second World War can re-verberate into the future. Silman uses the fall of the Berlin Wall to explore the long marriage and divorce of her protagonists, Eve and Paul. When Eve agrees to accompany her former husband to Berlin, Paul recalls and narrates the past he has never been able to share with his wife. Eve begins to see how Paul's hidden childhood in Nazi Germany, shaped and influenced their marriage, and how his trauma exacted a price in their relationship. The novel is about the complexities of guilt, anger, love and lust, and above all forgiveness as Eve and Paul help each other confront a bitter past and move forward in their lives.

In the shadows, vision can turn blurry. Truths can become lies. Enemies can become lovers. When Violet inexplicably wakes thousands of years after a nuclear holocaust, she finds the world very different. Fae exist now. They're vicious, animalistic monsters who pervert magic and can morph into any shape—including vampires. They hoard the bounty of the new world, and keep humans banished to the wasteland. At least, that's what the humans of today have told her. Determined to make up for an unforgivable mistake in her past, she becomes a covert assassin and seeks revenge for her human brethren. And she's good at it. But when the thing she hunts saves her life, injuring himself in the process... her crystal clarity suddenly becomes blurry. Vampires are meant to be monsters, not protectors... not charismatic, annoyingly handsome and loyal and... everything. Indigo is a Fae Guardian, and a ruthless vampire protector of Elphyne. The Order has tasked him with finding a human with deadly secrets before the unhinged Unseelie Queen, or the fanatical human leader, can exploit her. They chose him for one reason, and one reason only - the taste of human blood does things to him. Addictive, dark, insatiable things. And when he catches Violet's scent, they know he'll do everything in his power to covet her and keep her safe. But Indigo hides his own shameful secret in the shadows of his heart, and if it ever comes to light, Violet will never trust him. She'll kill him. The Secrets in Shadow and Blood is the next installment in the Fae Guardians series, and the first in the Season of the Vampire Trilogy. Each book features a separate couple with a satisfying HEA, but to enjoy the full benefits of the over arching plot, start the Fae Guardian journey with book one of Fae Guardians: Season of the Wolf. All Fae Guardian books include steamy romance, a splash of time travel, monster hunting, a band of brothers, fated mates, growly fae protectors, and their strong willed women from our time. If you love your books full of page turning action, romantic tension, and world building you can get lost in, then this series is for you. Warning: Trusting these seductive fae will lead to sleepless nights. But it will be worth it.;
