Story of Frida Kahlo - Art and Struggles of her life red velvet collection update (albums + photocards)! Self Portrait In A Velvet  
This painting, Self Portrait in a Velvet Dress, is one of Frida Kahlo's early portraits. This portrait implied the emotional tension as well as showing with her other paintings. This painting she used as a token of love to regain the affection from her lover. She started working on this painting during the late summer of 1926 when her relationship with Alejandro is turning sour because Alejandro thinks she is too liberal.

Self Portrait in a Velvet Dress, 1926 by Frida Kahlo  
Self Portrait in a Velvet Dress is one of Frida Kahlo ' s earliest paintings and her first self portrait, a subject to which she would return on numerous occasions throughout her lifetime. Rembrandt (Rembrandt van Rijn) | Self-Portrait in a Velvet ...  
Kahlo ' s Self-portrait in a Velvet Dress (1926) Frida Kahlo's first self-portrait at 19, when she still knew little of European art, shows remarkable knowledge. Though not a masterpiece it is, nevertheless, indicative of her future status as a significant artist. For instance, in picturing her hand with the thumb awkwardly separated from the fingers, she must have known or sensed that such a hand almost always symbolizes the artist's palette-hand.

Frida Kahlo remains one of the most popular artists of our timesales of Frida books number into the hundreds ofthousandsand yet no volume has ever focused on one of the most memorable aspects of her persona and creativeoeuvre: her wardrobe. Now, for the first time, 95 original and beautifully staged photographs of Kahlo's newly restored clothing are paired with historic photos of the artist wearing them and her paintings in which the garments appear. Frida's life and style were an integral part of her art, and she is long overdue for recognition as a fashion icon.

An account of the noted Mexican painter's difficult and tumultuous personal and professional life accompanies some of her most notable paintings.

Volume IV of A Corpus of Rembrandt Paintings deals uniquely with the self-portraits of Rembrandt. In a clearly written explanatory style the head of the Rembrandt Research Project and Editor of this Volume, Ernst van de Wetering, discusses the full body of work of paintings and etchings portraying Rembrandt. He sets the different parameters for accepting or rejecting a Rembrandt self-portrait as such, whilst also discussing the exact working environment of Rembrandt and his apprentices. This workshop setting created a surroundings where apprentices could be involved in working on Rembrandt paintings making it more difficult to determine the hand of the master. Van de Wetering, who is one of the Rembrandt experts of our day and age, goes down to great detail to explain how the different self-portraits are made and what techniques Rembrandt uses, also giving an overview of which paintings are to be attributed to the Dutch Master and which not. In the additional catalogue the self-portraits are examined in detail. In clear and accessible explanatory text the different paintings are discussed, larded with immaculate images of each painting. Details are shown where possible, as well as the results of modern day technical imaging like X-radiography. This work of art history and art research should be part of every serious art historical institute, university or museum. Nowhere in the art history have all Rembrandt ' s self portraits been discussed in such detailed and comparative manner by an authority such as Ernst van de Wetering. This is a standard work for decades to come.

A stunning catalogue of the seventy religious prints from the 2017 exhibition, featuring detailed background information on each piece. Rembrandt ' s stunning religious prints stand as evidence of the Dutch master ' s extraordinary skill as a technician and as a testament to his genius as a teller of tales. Here, several virtually unknown etchings, collected by the Feddersen family and now preserved for the ages at the University of Notre Dame, are made widely available in a lavishly illustrated volume. Building on the contributions of earlier Rembrandt scholars, noted art historian Charles M. Rosenberg illuminates each of the seventyreligious prints through detailed background information on the artist ' s career as well as the historical, religious, and artistic impulses informing their creation. Readers will enjoy an impression of the earliest work, The Circumcision (1625-26); the famous Hundred Guilder Print; the enigmatic eighth state of Christ Presented to the People; one of a handful of examples of the very rare final posthumous state of The Three Crosses; and an impression and counterproof of The Triumph of Mordecai. From the joyous epiphany of the coming of the Messiah to the anguish of the betrayal of a father (Jacob) by his children, from choirs of angels waiting to receive the Virgin into heaven to the dog who defecates in the road by an ancient inn (The Good Samaritan), Rembrandt ' s etchings offer a window into the nature of faith, aspiration, and human experience, ranging from the ecstatically divine to the worldly and mundane. Ultimately, these prints—modest, intimate, fragile objects—are great works of art which, like all masterpieces, reward us with fresh insights and discoveries at each new encounter. “ Despite many reliable catalogues of Rembrandt etchings, very few have focused on the religious content of these prints. The outstanding range of the Feddersen Collection offers an excellent occasion for closer examination of Rembrandt ' s development—as a printmaker but also as a spiritual devout Christian, especially evident from his thoughtful return to the same subjects across his career. Charles Rosenberg and his team at the Snite Museum deserve our thanks for fresh analysis of Rembrandt ' s religious prints, combined with the latest scholarship on the artist and his etchings output. Rembrandt scholars but also all lovers of the artist will want to consult this important catalogue. ” —Larry Silver, author (with Shelley Perlove) of Rembrandt ' s Faith: Church and Temple in the Dutch Golden Age “ Rembrandt ' s etchings of religious themes capture the emotional heart of their subjects through a uniquely inventive approach to both technique and content. . . . The seventy prints gathered by Jack and Alfrieda Feddersen span the full range of Rembrandt ' s production and offer an outstanding resource for appreciation and research. This catalogue tells the fascinating story of how the collection was formed and brings a fresh analysis to each print. Charles Rosenberg ' s extensive catalogue entries will be useful reading for anyone interested in the history of European art and one of its most talented practitioners, Rembrandt van Rijn. ” —Stephanie Dickey, Queen ' s University

From the international bestselling author of The Lost Wife and The Garden of Letters, comes a story–inspired by true events–of two women pursuing freedom and independence in Paris during WWII. As Paris teeters on the edge of the German occupation, a young French woman closes the door to her late grandmother's treasure-filled apartment, unsure if she'll ever return. An elusive courtesan, Marthe de Florian cultivated a life of art and beauty, casting out all recollections of her impoverished childhood in the dark alleys of Montmartre. With Europe on the brink of war, she shares her story with her granddaughter Solange Beaugiron, using her prized possessions to reveal her innermost secrets. Most striking of all are a beautiful string of pearls and a magnificent portrait of Marthe painted by the Italian artist Giovanni Boldini. As Marthe's tale unfolds, like velvet itself, stitched with its own shadow and light, it helps to guide Solange on her own path. Inspired by the true account of an abandoned Parisian apartment, Alyson Richman brings to life Solange, the young woman forced to leave her fabled grandmother's legacy behind to save all that she loved.

As famous during his lifetime as after his death, Rembrandt (1606-1669) was one of the greatest masters of the Dutch Golden Age of the 17th century. His portraits not only transport us back to that fascinating time, but also represent, above all, a human adventure; beneath every dab of paint the spirit of the model seems to stir. Yet these portraits are only the tip of the Rembrandt iceberg, which consists of over 300 canvasses, 350 engravings, and 2,000 drawings. Throughout his oeuvre, the influence of Flemish Realism is as powerful as that of Caravaggio. He applied this skilful fusion of styles to all his works, conferring biblical subjects and everyday themes alike with an unparalleled and intimate emotional power. É mile Michel remains a reference in Flemish painting. A result of years of research, Rembrandt: Painter, Engraver and Draftsman is one of his major works.

'A boundary-breaking book, mobilizing art for philosophical purposes with exciting and enlightening results.' Ivan Gaskell, Harvard University --

Rembrandt van Rijn (1606-1669) has long been considered one of the greatest artists in European history. His paintings have launched imitations and homages, including best-selling novels, a recent TV series, and even a handful of popular films. Now, for the first time, this lovely text by É mile Michel is paired with carefully curated selections from Rembrandt ' s portfolio to illuminate the history and work of this celebrated master of light.

As famous during his lifetime as after his death, Rembrandt (1606-1669) was one of the greatest masters of the Dutch Golden Age of the 17th century. His portraits not only transport us back to that fascinating time, but also represent, above all, a human adventure; beneath every dab of paint the spirit of the model seems to stir. Yet these portraits are only the tip of the Rembrandt iceberg, which consists of over 300 canvasses, 350 engravings, and 2,000 drawings. Throughout his oeuvre, the influence of Flemish Realism is as powerful as that of Caravaggio. He applied this skilful fusion of styles to all his works, conferring biblical subjects and everyday themes alike with an unparalleled and intimate emotional power. É mile Michel remains a reference in Flemish painting. A result of years of research, Rembrandt: Painter, Engraver and Draftsman is one of his major works.

The riveting story of how three years spent in the United States transformed Frida Kahlo into the artist we know today "[An] insightful debut...Featuring meticulous research and elegant turns of phrase, Stahr ' s engrossing account provides scholarly though accessible analysis for both feminists and art lovers." —Publisher's Weekly Mexican artist Frida Kahlo adored adventure. In November, 1930, she was thrilled to realize her dream of traveling to the United States to live in San Francisco, Detroit, and New York. Still, leaving her family and her country for the first time was monumental. Only twenty-three and newly married to the already world-famous forty-three-year-old Diego Rivera, she was at a crossroads in her life and this new place, one filled with magnificent beauty, horrific poverty, racial tension, anti-Semitism, ethnic diversity, bland Midwestern food, and a thriving music scene, pushed Frida in unexpected directions. Shifts in her style of painting began to appear, cracks in her marriage widened, and tragedy struck, twice while she was living in Detroit. Frida in America is the first in-depth biography of these formative years spent in Gringolandia, a place Frida couldn' t always understand. But it ' s precisely her feelings of being a stranger in a strange land that fueled her creative passions and an even stronger sense of Mexican identity. With vivid detail, Frida in America recreates the pivotal journey that made Senora Rivera the world famous Frida Kahlo.
