with the unflinching directness and unflagging tenderness that make Jacqueline Wilson one of today's most admired-and popular-authors for young people.

Ella's mother is in a deep coma, having just had a new baby. That means Ella has to live with Jack, her hopeless stepfather, and cope with her tiny newborn brother, as well as worrying about Mum. The only thing that's going right is her school project. It's all about whales and how they sing out to each other to attract a mate - sometimes for hours. Maybe a whale song could reach Mum, wherever she is, and bring her back to Ella and baby Samson. Surely it's worth a try?

friends. And she didn't count on her family at all. . . leaves Ama is not an outdoorsy girl. She wanted to be at an academic camp, doing research in an air-conditioned library, earning A's. Instead her summer scholarship lands her on a wilderness trip full of flirting teenagers, blisters, impossible hiking trails, and a sad lack of hair products. Charlotte's life is changed forever

## Access Free Separiamoci Ma Proteggiamo I Nostri

When her parents' marriage breaks up, and Charlotte has to leave her beloved house and her old life behind. Then two very different boys cross her path, and a new emotion creeps into her sadness and anger -- an emotion that is both confusing and sweet. Charlotte falls in love with Carlo, tries to stay friends with tough-guy Sulzer and faces the jealousy of the cool-girl clique at school. As she watches her parents cope, sometimes haplessly, with changes in their own personal lives, and as she deals with a new baby brother, a potential stepfather and unexpected house moves, she realizes that love is a messy and risky business. If grownups can make such a hash of it, how on earth can a fifteen-year-old cope? But Charlotte does cope, magnificently, as she tries to figure out how to be a big sister, a

Right daughter, a friend, a good person. And in the end she finds the courage to take responsibility for her own actions, and sets off to be with the boy she loves. Set in a small town on the Austrian Danube, this is a familiar story that will touch a chord with every teenager, yet it is told with refreshing emotional honesty. Devoid of the judgment, sentimentality, sitcom snark or sexual precociousness that define so many North American young adult novels about first love, this story shows a strong, open, curious girl stumbling and prevailing as she figures out how to turn away from the noise of other people's expectations, and listen to her own heart.
