"Ann has always seen the power and potential in young women. The Big Life helps make all our dreams closer than ever." —Lauren Conrad, designer and New York Times bestselling author of Lauren Conrad Celebrate "The Big Life is a guide for women in their 20s and 30s who are hungry for a job they love, a supportive network of friends, respect from their bosses, and partners who want all those things for them as badly as they do." —The New York Times Millennial women are changing what it means to be powerful and successful in the world—for everyone. Forever. You want The Big Life—that delicious cocktail of passion, career, work, ambition, respect, money, and a monumental relationship. And you want it on your own terms. Forget climbing some corporate ladder, you want a career with twists and turns and adventure. For you, success only matters if it's meaningful. Ann Shoket knows the evolving values of young women more than anyone. She's the voice behind the popular Badass Babes community, a sisterhood of young, hungry, ambitious women who are helping each other through the most complex issues around becoming who you're meant to be. As the trailblazing editor-in-chief of Seventeen for the better part of a decade, Shoket led provocative conversations that helped young women navigate the tricky terrain of adolescence and become smart, confident, self-assured young women. Now that they are adding muscle to the framework of their lives, she's continuing the conversation with The Big Life. The Big Life is packed with actionable guidance combined with personal advice from high-profile millennial women who have already achieved tremendous success, plus intimate conversations with a cast of compelling characters and Shoket's own stories on her quest for The Big Life. You'll learn to tackle all of the issues on heavy rotation in your mind such as: • How to craft a career that's also a passion. • How to get respect from a boss who thinks you're a lazy, entitled, and self-obsessed millennial • Why you need a "squad" of people who support you as you build your Big Life • How a side hustle will make you smarter, hotter, and more in control of your destiny. • Why work/life balance is a sham and your need to embrace the mess. • How to find a partner whose eyes light up when you talk about your ambition. Written in Shoket's friendly and authoritative style, The Big Life will help you recognize your power, tap into your ambition, and create your own version of The Big Life.

The only thing standing between you and that college life is figuring out where you might want to go, completing your applications, writing a killer essay, scoring solid test scores, shining in your activities, getting glowing recommendations, and . . . okay, that's a lot. But even though being accepted into college can seem big and overwhelming, it doesn't have to be. That's where Seventeen's College Goals comes in. This stress-free guide—part-planner, part journal—will help walk you through the step-by-step process of applying to colleges. There are pages filled with practical cheat sheets, handy life hacks, thoughtful tips, fun quizzes, inspiring quotes from your favorite celebs and leaders, and prompts that will push you to self-reflect. (After all, that's what college essays are all about!) This way, you can freak out less about if you'll get in, and actually start thinking about which school's offer you're going to accept.

Starting college can be a totally angst-ridden experience. Seventeen offers advice on maneuvering life on campus.
