Shakespeare: The Invention of the Human by Harold Bloom
Shakespeare: The Invention of the Human Summary. Many authors have published critiques of the plays of Shakespeare. Some of the best known romantic critics are Hazlitt, W. H. Auden and A.C. Bradley. Contemporaries of Shakespeare include the playwrights Ben Jonson, a critic of Shakespeare and Christopher Marlowe, a playwright who had much influence on Shakespeare.

Shakespeare: The Invention of the Human - BookRags.com
Bloom is careful to claim that Shakespeare invented, not created, the human, but throughout his book we are repeatedly introduced to a humanity that has apparently been re-created by Shakespeare in his image, presumably as a revision of Adam and Eve. Bloom's critical genius has always drawn its inspiration from Milton and Blake's daringly rebellious Lucifer.

Shakespeare: The Invention of the Human
ing, nearly four centuries after Shakespeare, that he went beyond all prece dents (even Chaucer) and invented the human as we continue to know it. A more conservative way of stating this would seem to me a weak mis reading of Shakespeare: it might contend that Shakespeare's originality

Harold Bloom - "Shakespeare: The Invention of the Human ...
The incredible theory this book allegedly advocates is that Shakespeare in some sense created the modern human condition rather than merely depicting it. I imagine most readers will be as unconvinced of this idea as I was. Bloom's interpretation of Shakespeare's characters are vivid, but also highly idiosyncratic and sometimes really bizarre.

Shakespeare: The Invention of the Human - Harold Bloom ...
Harold Bloom, the doyen of American literary critics and author of The Western Canon, has spent a professional lifetime reading, writing about and teaching Shakespeare. In this magisterial interpretation, Bloom explains Shakespeare's genius in a radical and provocative re-reading of the plays.

Harold Bloom, the doyen of American literary critics and author of The Western Canon, has spent a professional lifetime reading, writing about and teaching Shakespeare. In this magisterial interpretation, Bloom explains Shakespeare's genius in a radical and provocative re-reading of the plays. How to understand Shakespeare, whose ability so far exceeds his predecessors and successors, whose genius has defied generations of critics' explanations, whose work is of greater influence in the modern age even than the Bible? This book is a visionary summation of Harold Bloom's reading of Shakespeare and in it he expounds a brilliant and far-reaching critical theory: that Shakespeare was, through his dramatic characters, the inventor of human personality as we have come to understand it. In short, Shakespeare invented our understanding of ourselves. He knows us better than we do: 'The plays remain the outward limit of human achievement: aesthetically, cognitively, in certain ways morally, even spiritually. They abide beyond the end of the mind's reach; we cannot catch up to them. Shakespeare will go on explaining us in part because he invented us...' In a chronological survey of each of t

The Invention of Suspicion argues that the English justice system underwent changes in the sixteenth century that, because of the system's participatory nature, had a widespread effect and a decisive impact on the development of English Renaissance drama. These changes gradually made evidence evaluation a popular skill: justices of peace and juries were increasingly required to weigh up the probabilities of competing narratives of facts. At precisely the same time, English dramatists were absorbing, from Latin legal rhetoric and from Latin comedy, poetic strategies that enabled them to make their plays more persuasively realistic, more 'probable'. The result of this enormously rich conjunction of popular legal culture and ancient forensic rhetoric was a drama in which dramatis personae habitually gather evidence and 'invent' arguments of suspicion and conjecture about one another, thus prompting us, as readers and audience, to reconstruct this 'evidence' as stories of characters' private histories and inner lives. In this drama, people act in uncertainty, inferring one another's motives and testing evidence for their conclusions. As well as offering an overarching account of how changes in juridical epistemology relate to post-Reformation drama, this book examines comic dramatic writing associated with the Inns of Court in the overlooked decades of the 1560s and 70s. It argues that these experiments constituted an influential sub-genre, assimilating the structures of Roman comedy to current civic and political concerns with the administration of justice. This sub-genre's impact may be seen in Shakespeare's early experiments in revenge tragedy, history play and romance comedy, in Titus Andronicus, Henry VI and The Comedy of Errors, as well as Jonson's Every Man in his Humour, Bartholomew Fair and The Alchemist. The book ranges from mid-fifteenth century drama, through sixteenth century interludes to the drama of the 1590s and 1600s. It draws on recent research by legal historians, and on a range of legal-historical sources in print and manuscript.

Presents an analysis of six Shakespeare plays, including "Henry V," "Macbeth," and "Much Ado about Nothing."

In this inward journey from childhood to ninety, Bloom argues with nobody but Bloom, interested only in the influence of the mind upon itself when it absorbs the highest and most enduring literature. He offers more than eighty meditations on poems and prose that have haunted him since childhood and which he has possessed by memory- from the Psalms and Ecclesiastes to Shakespeare and Dr. Johnson; Spenser and Milton to Wordsworth and Keats; Whitman and Browning to Joyce and Proust; Tolstoy and Yeats to Delmore Schwartz and Amy Clampitt; Blake to Wallace Stevens-and so much more. And though he has written before about some of these authors, these exegeses, written in the winter of his life, are movingly informed by "the freshness of last things." He writes: "One of my concerns throughout Possessed by Memoryis with the beloved dead. Most of my good friends in my generation have departed. Their voices are still in my ears. I find that they are woven into what I read. I listen not only for their voices but also for the voice I heard before the world was made. My other concern is religious, in the widest sense. For me poetry and spirituality fuse as a single entity. All my long life I have sought to isolate poetic knowledge. This also involves a knowledge of God and gods. I see imaginative literature as a kind of theurgy in which the divine is summoned, maintained, and augmented." As Bloom writes movingly- "One of my concerns throughout Possessed by Memoryis with the beloved dead. Most of my good friends in my generation have departed. Their voices are still in my ears. I find that they are woven into what I read. I listen not only for their voices but also for the voice I heard before the world was made. My other concern is religious, in the widest sense. For me poetry and spirituality fuse as a single entity. All my long life I have sought to isolate poetic knowledge. This also involves a knowledge of God and gods. I see imaginative literature as a kind of theurgy in which the divine is summoned, maintained, and augmented."

An account of Shakespeare's plays as they were transformed from scripts into books.

For almost 70 years, Shakespeare and Company, the English-language bookstore in Paris, has been a home-away-from-home for celebrated writers--including Jorge Luis Borges, James Baldwin, A. M. Homes, and Dave Eggers--as well as for young, aspiring authors and poets. Visitors are invited to read in the library, share a pot of tea, and sometimes even live in the shop itself, sleeping in beds tucked among the towering shelves of books. Since 1951, more than 30,000 have slept at the "rag and bone shop of the heart." This first, fully illustrated history of the bookstore draws on a century's worth of never-before-seen archives. Photographs and ephemera are woven together with personal essays, diary entries, and poems from more than seventy contributors, including Allen Ginsberg, Anais Nin, Lawrence Ferlinghetti, Sylvia Beach, Nathan Englander, Dervla Murphy, Jeet Thayil, David Rakoff, Ian Rankin, Kate Tempest, and Ethan Hawke. With hundreds of images, it features Tumbleweed autobiographies, precious historical documents, and beautiful photographs, including ones of such renowned guests as William Burroughs, Henry Miller, Langston Hughes, Alberto Moravia, Zadie Smith, Jimmy Page, and Marilynne Robinson. Tracing more than 100 years in the French capital, the story touches on the Lost Generation and the Beats, the Cold War, May '68, and the feminist movement--all while reflecting on the timeless allure of bohemian life in Paris.--Adapted from dust jacket and publisher website.

A brilliant and companionable tour through all thirty-eight plays, Shakespeare After All is the perfect introduction to the bard by one of the country's foremost authorities on his life and work. Drawing on her hugely popular lecture courses at Yale and Harvard over the past thirty years, Marjorie Garber offers passionate and revealing readings of the plays in chronological sequence, from The Two Gentlemen of Verona to The Two Noble Kinsmen. Supremely readable and engaging, and complete with a comprehensive introduction to Shakespeare's life and times and an extensive bibliography, this magisterial work is an ever-replenishing fount of insight on the most celebrated writer of all time.

This legendary book by an esteemed poet and beloved professor at Columbia University features a series of smart, witty, deeply perceptive essays about each of Shakespeare's plays, together with a further discussion of the poems. Writing with an incomparable knowledge of his subject but without a hint of pedantry, Van Doren elucidates both the astonishing boldness and myriad subtleties of Shakespeare's protean art. His Shakespeare is a book to be treasured by both new and longtime students of the Bard.

Harold Bloom's Shakespeare examines the sources and impact of Bloom's Shakespearean criticism. Through focused and sustained study of this writer and his best-selling book, this collection of essays addresses a wide range of issues pertinent to both general readers and university classes: the cultural role of Shakespeare and of a new secular humanism addressed to general readers and audiences; the author as literary origin; the persistence of character as a category of literary appreciation; and the influence of Shakespeare within the Anglo-American educational system. Together, the essays reflect on the ethics of literary theory and criticism.
