O objetivo deste trabalho é analisar o uso de canções e efeitos sonoros em quatro produções teatrais de Romeu e Julieta, de William Shakespeare, enfocando os cruzamentos interculturais entre o texto e os vários contextos de performance. Este estudo propõe a análise do desenho sonoro como prática teatral, tomando como referência central teorias dos estudos musicais (Luiz Tatit e Marcos Napolitano), dos estudos de desenho sonoro (Deena Kaye, James Lebrecht e Livio Tragtenberg), da análise da performance (W.B. Worthen, Patrice Pavis, Susan Bennett, e outros), e de análises textuais, e levando em conta os estágios que envolvem uma produção teatral: concepção, produção, e recepção. O corpus da pesquisa é constituído pelas seguintes produções teatrais: Romeu and Juliet, da Royal Shakespeare Company, dirigida por Michael Bogdanov (1986); Romeu and Juliet, da Royal Shakespeare Company, dirigida por Michael Boyd (2000); Romeu e Julieta, do Grupo Macunaima, dirigida por Antunes Filho (1984); e Romeu e Julieta, do Grupo Galpão, dirigida por Gabriel Villela (1992). O estudo demonstra que a análise da performance pode ser aprimorada ao enfocar a complexidade discursiva dos eventos sonoros, através da investigação dos momentos em que som e canção ocupam papéis importantes na cena teatral.

This volume introduces |civic Shakespeare| as a new and complex category entailing the dynamic relation between the individual and the community on issues of authority, liberty, and cultural production. It investigates civic Shakespeare through Romeo and Juliet as a case study for an interrogation of the limits and possibilities of theatre and the idea of the civic. The play's focus on civil strife, political challenge, and the rise of a new conception of the individual within society makes it an ideal site to examine how early modern civic topics were received and reconfigured on stage, and how the play has triggered ever new interpretations and civic performances over time. The essays focus on the way the play reflects civic life through the dramatization of issues of crisis and reconciliation when private and public spaces are brought to conflict, but also concentrate on the way the play has subsequently entered the public space of civic life. Set within the fertile context of performance studies and inspired by philosophical and sociological approaches, this book helps clarify the role of theatre within civic space while questioning the relation between citizens as spectators and the community. The wide-ranging chapters cover problems of civil interaction and their onstage representation, dealing with urban and household spaces; the boundaries of social relations and legal, economic, political, and religious regulation; and the public dimension of memory and celebration. This volume articulates civic Romeo and Juliet from the sources of genre to contemporary multicultural performances in political contact-zones and civic |Shakespaces,| exploring the Bard and this play within the context of communal practices and their relations with institutions and civic interests.

This book is open access and available on www.bloomsburycollections.com. It is funded by Knowledge Unlatched. A range of mainstream and independent English language film productions of A Midsummer Night's Dream, Romeo and Juliet, Othello, Twelfth Night, and The Merchant of Venice take centre stage in Queering the Shakespeare Film. This study critiques the various representations of the queer | broadly understood as that which is at odds with what has been deemed to be the normal, the legitimate, and the dominant, particularly | but not exclusively | as regards sexual matters, in the Shakespeare film. The movies chosen for analysis correspond deliberately with those Shakespeare plays that, as written texts, have been subjected to a great deal of productive study in a queer context since the beginnings of queer theory in the early 1990s. Thus the book extends the ongoing queer discussion of these written texts to their counterpart cinematic texts. Queering the Shakespeare Film is a much-needed alternative and complementary critical history of the Shakespeare film genre.
