Silence: A Thirteenth-Century French Romance—Project MUSE

Silence by Shusaku Endo is a novel that tells the story of Father Rodrigues and his struggle to keep his faith in a country that wants him to abandon it. The title, Silence, correlates with Rodrigues' frustrations with God in his silence when it comes to his followers getting punished for their faith, "What do I want to say? I myself do not quite understand.

Silence (disambiguation)—Wikipedia

Le Roman de Silence, a 13th century poem written in Old French, was discovered in England in 1911. The romance is most interesting because of the way that it deals with gender issues. Silence, the daughter of Cador and Eufemie of Cornwall, is raised as a boy because Eban, king of England, will not allow women to inherit property.

This bilingual edition, based on a reexamination of the Old French manuscript, makes Silence available to specialists and students in various fields of literature, to those in women's studies and, most important, to everyone who loves a first-rate story.

This bilingual edition, a parallel text in Old French and English, is based on a reexamination of the Old French manuscript, and makes "Silence" available to specialists and students in various fields of literature and women's studies. aaaa The Roman de Silence, an Arthurian romance of the thirteenth century, tells of a girl raised as a boy, equally accomplished as a minstrel and knight, whose final task, the capture of Merlin, leads to her unmasking."

Glenn D. Burger argues that, over the course of the long fourteenth century, the "invention" of the good wife in discourses of sacramental marriage, private devotion, and personal conduct reconfigures how female embodiment is understood.

The first chapter provides readers unfamiliar with medieval history the background required for understanding the chapters on chivalry.

First published in 1991. Routledge is an imprint of Taylor & Francis, an informa company.

Many English-speaking readers of the Roman de la rose, the famous dream allegory of the thirteenth century, have come to rely on Charles Dahlberg's elegant and precise translation of the Old French text. His line-by-line rendering in contemporary English is available again, this time in a third edition with an updated critical apparatus. Readers at all levels can continue to deepen their understanding of this rich tale about the Lover and his quest--against the admonishments of Reason and the obstacles set by Jealousy and Resistance--to pluck the fair Rose in the Enchanted Garden. The original introduction by Dahlberg remains an excellent overview of the work, covering such topics as the iconographic significance of the imagery and the use of irony in developing the central theme of love. His new preface reviews selected scholarship through 1990, which examines, for example, the sources and influences of the work, the two authors, the nature of the allegorical narrative as a genre, the use of first person, and the poem's early reception. The new bibliographic material incorporates that of the earlier editions. The sixty-four miniature illustrations from thirteenth-and fifteenth-century manuscripts are retained, as are the notes keyed to the Langlois edition, on which the translation is based.

Guidelines for medieval clerics on how to assign appropriate penances for particular sins, in readable translations with detailed introductions.

A knightly fairy tale of royalty and dragons, of midwives with secrets and dashing strangers in dark inns. Taking the original French legend as his starting point, The Story of Silence is a rich, multilayered new story for today ' s world – sure to delight fans of Uprooted and The Bear and the Nightingale.

This Companion presents fifteen original and engaging essays by leading scholars on one of the most influential genres of Western literature. Chapters describe the origins of early verse romance in twelfth-century French and Anglo-Norman courts and analyze the evolution of verse and prose romance in France, Germany, England, Italy, and Spain throughout the Middle Ages. The volume introduces a rich array of traditions and texts and offers fresh perspectives on the manuscript context of romance, the relationship of romance to other genres, popular romance in urban contexts, romance as mirror of familiar and social tensions, and the representation of courtly love, chivalry, 'other' worlds and gender roles. Together the essays demonstrate that European romances not only helped to promulgate the ideals of elite societies in formation, but also held those values up for questioning. An introduction, a chronology and a bibliography of texts and translations complete this lively, useful overview.
