Making friends has never been Elise Dembowski's strong suit. All throughout her life, she's been the butt of every joke and the outsider in every conversation. When a final attempt at popularity fails, Elise nearly gives up. Then she stumbles upon a warehouse party where she meets Vicky, a girl in a band who accepts her; Char, a cute, yet mysterious disc jockey; Pippa, a carefree spirit from England; and most importantly, a love for Djing. Told in a refreshingly genuine and laugh-out-loud funny voice, Leila Sales' THIS SONG WILL SAVE YOUR LIFE is an exuberant novel about identity, friendship, and the power of music to bring people together.

Vocal health tips, stories from the tour bus, and action items to improve your voice and boost your self-confidence from an award-winning musician and life coach Performing with David Bowie, surviving the murky depths of the music business, enduring a painful divorce, and making the first music video in outer space, award-winning recording artist Emm Gryner has navigated through life ' s highs and lows using a secret compass: singing. Her voice, and her desire to express herself in music, has been a constant: from the early days of playing in bands while growing up in a small town, to playing arena rock shows and stadiums. Across these years and on many travels, she ' s discovered the human voice to be an unlikely guide, with the power to elevate and move people closer to authentic living. This book is about that discovery: part study in the art of singing, part guide to finding one ' s voice, and part memoir. This book is a must-have for anyone who knows they should be singing.

Sing! has grown from Keith and Kristyn Getty ' s passion for congregational singing; it ' s been formed by their traveling and playing and listening and discussing and learning and teaching all over the world. And in writing it, they have five key aims:
• to discover why we sing and the overwhelming joy and holy privilege that comes with singing
• to consider how singing impacts our hearts and minds and all of our lives
• to cultivate a culture of family singing in our daily home life
• to equip our churches for wholeheartedly singing to the Lord and one another as an expression of unity
• to inspire us to see congregational singing as a radical witness to the world They have also added a few " bonus tracks " at the end with some more practical suggestions for different groups who are more deeply involved with church singing. God intends for this compelling vision of His people singing—a people joyfully joining together in song with brothers and sisters around the world and around his heavenly throne—to include you. He wants you,he wants us, to sing.

In Learning to Sing, Clay Aiken tells the story of how his faith was integral to him learning valuable life lessons during his meteoric rise from life as an aspiring educator in Raleigh, North Carolina to instant stardom on "American Idol." Clay's advice is 1) Believe in yourself, 2) Believe in God, and 3) Be really stubborn. This personal relationship with God is key to personal success, as Clay has witnessed in real life experiences. When asked to "dirty up" his lyrics to increase sales, he resisted-and has sold more than 3 million albums. He refuses to make videos placing him in inappropriate situations, and considers his relationship with God the most valuable in his life. Learning to Sing is an account of Clay Aiken's extraordinary faith and will and perseverance, and an inspiring memoir by someone who became-against all odds-one of the biggest pop stars of his time.

Ten years of infertility issues culminate in the destruction of music therapist Zoe Baxter's marriage, after which she falls in love with another woman, Vanessa, and wants to start a family; but her ex-husband, Max, in the grips of an anti-gay pastor, stands in the way. Includes a CD of songs created for the novel. (This title is being re-listed in Forecast). 1.5 million first printing.

It's official: singing is good for you. Singing delivers a host of physical and emotional benefits including lower heart pressure, increased aerobic exercise, improved breathing, posture, mindset, confidence, and self-esteem. Whether you do it alone or in a choir, singing will put a skip back into your step. Drawing on singing teacher Rosie Dow's extensive work and experience in singing, this book offers expert guidance and practical exercises to cultivate emotional and physical wellbeing. Crucially, anyone can do it – you just need to find your voice.

Uncommon times call for uncommon wisdom. It ' s inspiring to hear from people who ' ve graduated from the school of hard knocks, yet kept a sense of humor. People like Twain, Voltaire, Oscar Wilde. People who've said the thing so well that we all wish we'd said it. People who've been there, done that, and refuse to sugarcoat what they've learned. People who know, as Sherry Hochman puts it, that "Every day is a gift—even if it sucks." From Kathryn and Ross Petras, curators of craziness (and surprising smarts), comes a timely collection of reassuring reality: "Why is there so much month left at the end of the money?"—John Barrymore "October. This is one of the peculiarly dangerous months to speculate in stocks in. The others are July, January, September, April, November, May, March, June, December, August, and February." —Mark Twain "I know God will not give me anything I can't handle. I just wish he didn't trust me so much."—Mother Teresa "When one burns one's bridges, what a very nice fire it makes."—Dylan Thomas "If you think you have it tough, read history books."—Bill Maher And Voltaire: "Life is a shipwreck but we must not forget to sing in the lifeboats."

Deeply influenced by the example of Christ--to stand in love with the least of us--and fired up by the social justice issues of her day, artist, designer, and educator Sister Corita Kent was a nun like no other!
