Skymates is a great flight school! Super impressed with their facilities and staff. Diverse and large fleet of aircraft. They also have an in house pilot shop, as well as can provide FAA written exams. I also enjoyed the reasonable pricing, unlike some schools where you overpay for shiny new airplanes.

A person whose life drifts away from the 'blueprint' of his or her birthchart grows dull, flat and depressed. It is the same for a couple -- if their life together departs from the spirit of their composite chart, their relationship runs out of gas. They stop talking. Sex evaporates. They would rather watch TV than look into each others' eyes. In this book the Forrests give you all the tools you need to explore this powerful astrological technique -- theory, real-life practical examples, and an extensive 'cookbook' section where you can jump-start your interpretations by looking up the precise meaning of any configuration. In the first volume of 'Skymates' they showed us how to compare charts. Now , they take it a step further, proving that the whole is always greater than the sum of the parts.

By re-interpreting traditional tenets of astrology, the authors show couples whose stars are in opposition how to use the knowledge in Skymates to strengthen rather than abandon their relationships. Offers insights on how the stars affect love and intimacy and cites famous couples as examples.
