A history of the Korean War with soldier ' s-eye views from both sides, by the Pulitzer Prize – winning author of The Rising Sun and Infamy. Pulitzer Prize – winning author John Toland reports on the Korean War in a revolutionary way in this thoroughly researched and riveting book. Toland pored over military archives and was the first person to gain access to previously undisclosed Chinese records, which allowed him to investigate Chairman Mao ' s direct involvement in the conflict. Toland supplements his captivating history with in-depth interviews with more than two hundred American soldiers, as well as North Korean, South Korean, and Chinese combatants, plus dozens of poignant photographs, bringing those who fought to vivid life and honoring the memory of those lost. In Mortal Combat is comprehensive in it discussion of events deemed controversial, such as American brutality against Korean civilians and allegations of American use of biological warfare. Toland tells the dramatic account of the Korean War from start to finish, from the appalling experience of its POWs to Mao ' s prediction of MacArthur ' s Inchon invasion. Toland ' s account of the “ forgotten war ” is a must-read for any history aficionado.

Your Guide to the 10 Best of Everything in Seoul Discover the best of everything South Korea's capital city has to offer with the essential DK Eyewitness Top 10 Travel Guide Seoul. Features: The full text of the accurate, readable, and clear New International Version (NIV) translation What ' s the Big Deal? - Need-to-know biblical stories and people Check It Out - Interesting and funny facts about Bible times and characters Grossology - Gross and gory stuff you never knew was in the Bible Makin ' It Real - Help for applying Bible stories to your everyday life Hundreds of highlighted verses worth memorizing Introductions to each book of the Bible 9-point type size

This is a story which will make your heart sing - a story for all the family to read together. Young Judy discovers an unexpected package in her grandfather's old study. She has never met her grandfather (Poppy) as he died before she was born, but Judy is the one to unearth the puzzle which Poppy left for his family. To find the treasure which Poppy left, the family must first solve every riddle which he wrote on a beautiful scroll, and carefully wrapped in a a rich purple velvet bag. Unless they solve the puzzles, they won't find the treasure. See if you can solve the puzzles before the family does. What has Poppy left them as an inheritance? Have fun with the story and enjoy the Omega Prize at the end.

THE BOOK OF PRIDE captures the true story of the gay rights movement from the 1960s to the present, through richly detailed, stunning interviews with the leaders, activists, and ordinary people who witnessed the movement and made it happen. These individuals fought battles both personal and political, often without the support of family or friends, frequently under the threat of violence and persecution. By shining a light on these remarkable stories of bravery and determination, THE BOOK OF PRIDE not only honors an important chapter in American history, but also empowers young people today (both LGBTQ and straight) to discover their own courage in order to create positive change. Furthermore, it serves a critically important role in ensuring the history of the LGBTQ movement can never be erased, inspiring us to resist all forms of oppression with ferocity, community, and, most importantly, pride

Offers a collection of true facts about animals, food, science, pop culture, outer space, geography, and weather.

“ Remarkable personal journals . . . revealing the combat experience of the German-Russian War as seldom seen before . . . a harrowing yet poignant story ” (Military Times). Hans Roth was a member of the anti-tank panzerjager battalion, 299th Infantry Division, attached to the Sixth Army, as the invasion of Russia began. As events transpired, he recorded the tension as the Germans deployed on the Soviet frontier in June 1941. Then, a firestorm broke loose as the Wehrmacht tore across the front, forging into the primitive vastness of the East. During the Kiev encirclement, Roth ' s unit was under constant attack as the Soviets desperately tried to break through the German ring. At one point, after the enemy had finally been beaten, a friend serving with the SS led him to a site—possibly Babi Yar—where he witnessed civilians being massacred. After suffering through a brutal winter against apparently endless Russian reserves, his division went on the offensive again when the Germans drove toward Stalingrad. In these journals, attacks and counterattacks are described in you-are-there detail. Roth wrote privately, as

if to keep himself sane, knowing his honest accounts of the horrors in the East could never pass Wehrmacht censors. When the Soviet counteroffensive of winter 1942 begins, his unit is stationed alongside the Italian 8th Army, and his observations of its collapse, as opposed to the reaction of the German troops sent to stiffen its front, are of special fascination. Roth's three journals were discovered many years after his disappearance, tucked away in the home of his brother. After his brother's death, his family discovered them and sent them to Rosel, Roth's wife. In time, Rosel handed down the journals to Erika, Roth's only daughter, who had emigrated to America. Roth was likely working on a fourth journal before he was reported missing in action in July 1944. Although his ultimate fate remains unknown, what he did leave behind, now finally revealed, is an incredible firsthand account of the horrific war the Germans waged in Russia.

This important book, written by educational expert and urban school leader, Tom Payzant, offers a realistic understanding of what urban school leadership looks like from the inside. Payzant shares his first-hand knowledge of the unique managerial, instructional, and political tasks of this role. Effectively combining practical lessons and research, *Urban School Leadership* includes in-depth analysis of various leadership concerns. The book covers topics such as improving student achievement, working with unions, building community, and maintaining and developing resources. Most importantly, it offers stories of real school leaders whose successes and missteps reveal the inherent "messiness" of this difficult job. *Urban School Leadership* is part of the Jossey-Bass Leadership Library in Education series. "This important book provides compelling examples of how effective leaders can have hope, see progress, and achieve success for all children in the schools and districts they lead."—Richard Riley, former United States Secretary of Education "Tom Payzant is one of the few people who could provide such a comprehensive, useful book for educational leaders at all levels. This very practical book is grounded in the important experiences and impressive judgment of one of our nation's most successful school superintendents"—Jon Schnur, co-founder and CEO, New Leaders for New Schools "Tom Payzant is one of the finest urban educators of our generation. *Urban School Leadership* is compelling, crisp, and wise—providing a clear path for those dedicated to improving the trajectory of children's lives."—Timothy F.C. Knowles, executive director, Center for Urban School Improvement, University of Chicago "Urban School Leadership is a must read for anyone interested in the landscape of urban public education in America."—Beverly Hall, superintendent, Atlanta Public Schools

Fueled by media reports of gender bias in the schools, the debate over single sex education has been recently renewed. "Voices of Hope" asks for a reconsideration of the framing of that debate. For whom is single sex education better? For the attainment of which goals? What do girls gain by being schooled with male peers? What is lost? In this longitudinal study of more than fifty high school girls at four New England independent schools, Carole B. Shmurak follows their development from ninth grade through the first year of college. Case studies capture the girls' own voices as they describe their hopes for their futures and the events that subsequently affect those futures.
