Though Son of Interflux was first published in 1986, the serious issues it addresses (corporate power and environmental damage) are even more relevant now than when it was written. Their heaviness is lightened by author Korman's characters, the sort of madcap circle of school buddies that he is skilled in creating.

Despite the somewhat dated portrayal of women, Son of Interflux is really more about the protagonist's battle of wills against the local corporation. As a girl I enjoyed this book and thought it was an entertaining compliment to Korman's other books of the same period: The MacDonald Hall series.

Language is regarded, at least in most intellectual traditions, as the quintessential human attribute, at once evidence and source of most that is considered transcendent in us, distinguishing ours from the merely mechanical nature of the beast. Even if language did not have the sacrosanct status it does in our conception of human nature, however, the question of its presence in other species ...

It pays to be an underdog-especially when you end up on top! Simon's father is the head of Interflux, the largest manufacturer of useless things in the world. Now Interflux wants to build a factory right on top of Simon's school. So what does Simon do? He "reinvests" the Student Council funds, invents an alter ego, buys a useless piece of strip land for a lot of money, and comes up with a new concept in corporate structure called Antiflux. And if you think that sounds crazy, you should see what he does next!

Vince Luca is just like any other high school guy. His best friend, Alex, is trying to score vicariously through him; his brother is a giant pain; and his father keeps bugging him to get motivated. There is just one thing that really sets him apart from other kids—his father happens to be the head of a powerful crime organization. Needless to say, while Vince's family's connections can be handy for certain things (like when teachers are afraid to give him a bad grade), they can put a serious crimp in his dating life. How is he supposed to explain to a girl what his father does for a living? But when Vince meets a girl who finally seems to be worth the trouble, her family turns out to be the biggest problem of all. Because her father is an FBI agent—the one who wants to put his father away for good.

"Don't Care High: It's more than a nickname -- it's a concept." At Don Carey High School, school spirit is so non-existent that nobody even noticed when a highway on-ramp got built over the football field. But new students Paul and Sheldon have a plan to wake the school up -- and Don't Care High will never be the same. Totally off-the-wall, but always good-natured, this hysterically funny book is not to be missed.

When luckless Raymond Jardine becomes Sean Delancey's eleventh-grade-English project partner, he persuades Sean's grandfather to pose as a long-deceased, obscure Canadian poet, in an effort to pass the course and win a vacation to a luxurious Greek island.

Gordon Korman's uproarious, outrageous, and all-too-familiar summer camp adventure is BACK! Rudy Miller really isn't into the whole camping thing. So when his parents send him to Camp Algonkian "for his own good" all he wants to do is go home. Rudy teams up with his cabin-mate Mike for a series of carefully planned – yet hilariously bungled – escape attempts. Unfortunately, their counsellor (and nemesis) Chip is as determined to keep them there as they are to get away. Rudy and Mike spend their days plotting, playing chess, and working off punishments for their failed escapes. Hmmm, maybe it isn't such a bad way to spend the summer after all . . .

A zany cross-country tour where cash is king and the laughs are large in classic Korman style! Dennis and Rob find perfect summer jobs as counsellors on the JT Juniortours cross-country driving tour. Dennis is in heaven - he thinks he and his friend Rob have scored the perfect summer jobs. But Rob quickly points out what Dennis never factored in - the group of boys they're now completely responsible for. That includes Artie Geller - Donald Trump in a 10-year-old's body. Artie gives his counsellors the slip whenever possible to set up new business opportunities. Dennis and Rob soon learn they can't control Artie, and that they have to hide every one of his schemes from the tour boss to protect their own skins. Visions of beautiful female counsellors are replaced by visions of bankruptcy... and the FBI.

A hilarious new middle grade novel from beloved and bestselling author Gordon Korman about what happens when the worst class of kids in school is paired with the worst teacher—perfect for fans of Ms. Bixby's Last Day. The Unteachables are a notorious class of misfits, delinquents, and academic train wrecks. Like Aldo, with anger management issues; Parker, who can't read; Kiana, who doesn't even belong in the class—or any class; and Elaine (rhymes with pain). The Unteachables have been removed from the student body and isolated in room 117. Their teacher is Mr. Zachary Kermit, the most burned-out

teacher in all of Greenwich. He was once a rising star, but his career was shattered by a cheating scandal that still haunts him. After years of phoning it in, he is finally one year away from early retirement. But the superintendent has his own plans to torpedo that idea—and it involves assigning Mr. Kermit to the Unteachables. The Unteachables never thought they'd find a teacher who had a worse attitude than they did. And Mr. Kermit never thought he would actually care about teaching again. Over the course of a school year, though, room 117 will experience mayhem, destruction—and maybe even a shot at redemption.

Gordon Korman's classic, bestselling series celebrates its 35th anniversary! Macdonald Hall's ivy-covered buildings have housed and educated many fine young Canadians. Together they've snuck out after lights-out, swapped flags, kidnapped mascots . . . and that's only the beginning. When Bruno and Boots learn that Macdonald Hall is about to lose some of its best students to its arch-rival, York Academy, because the Hall doesn't have a swimming pool, they go on the warpath, determined to save the school. But their fundraising schemes turn to hilarious chaos! Join two of Gordon Korman's most memorable characters in seven side-splitting, rip-roaring adventures!
