Zak George is a new type of dog trainer. A dynamic YouTube star and Animal Planet personality with a fresh approach, Zak helps you to tailor train to your dog's unique traits and energy level--leading to quicker results and a much happier pet. Packed with everything you need to know to raise and care for your dog, this book will help you communicate and bond with one another in a way that makes training easier, more rewarding, and--most of all--fun!

D&Q's first ever graphic novel, published in 1992, this is an excellent companion to I Never Liked, You. Stark and expressionistic, this is Chester, Brown's frank and unsettling account of first his, adolescent and then adult relationship with, pornography. It begins in 1975 with an abandoned, copy of Playboy..

The Ismailis have enjoyed a long, eventful and complex history dating back to the 8th century CE and originating in the Shi'i tradition of Islam. During the medieval period, Ismailis of different regions - especially in central Asia, south Asia, Iran and Syria - developed and elaborated their own distinctive literary and intellectual traditions, which have made an outstanding contribution to the culture of Islam as a whole. At the same time, the Ismailis in the Middle Ages split into two main groups who followed different spiritual leaders. The bulk of the Ismailis came to have a line of imams now represented by the Aga Khans, while a smaller group - known in south Asia as the Bohras - developed their own type of leadership. This collection is the first scholarly attempt to survey the modern history of both Ismaili groupings since the middle of the 19th century. It covers a variety of topical issues and themes, such as the modernising policies of the Aga Khans, and also includes original studies of regional developments in Ismaili communities worldwide. The contributors focus too on how the Ismailis as a religious community have responded to the twin challenges of modernity and emigration to the West. "A Modern History of the Ismailis" will be welcomed as the most complete assessment yet published of the recent trajectory of this fascinating and influential Shi'i community.

This book presents a series of highly readable, well-documented essays describing French life styles, attitudes, and entertainments as well as the writers and performers currently favored by the French public. Several chapters explore French tastes in popular literature and other reading matter, including comics, cartoons, mystery and spy fiction, newspapers and magazines, and science fiction.

Film, popular music, radio, and television are also discussed in detail, and influences from other cultures--particularly American "imports"--are assessed. The remaining essays examine French sports, leisure, eating and drinking, and relations between men and women.

In *The Chill* a distraught young man hires private investigator Lew Archer to track down his runaway bride. But no sooner has he found Dolly Kincaid than Archer finds himself entangled in two murders, one twenty years old, the other so recent that the blood is still wet. What ensues is a detective novel of nerve-racking suspense, desperately believable characters, and one of the most intricate plots ever spun by an American crime writer.
