“I have not lately read a finer book than this—on any subject at all. . . . A masterpiece.” —Simon Winchester, New Statesman The photographs of three young men had stood in his grandmother’s house for as long as he could remember, beheld but never fully noticed. They had all fought in the Second World War, a fact that surprised him. Indians had never figured in his idea of the war, nor the war in his idea of India. One of them, Bobby, even looked a bit like him, but Raghu Karnad had not noticed until he was the same age as they were in their photo frames. Then he learned about the Parsi boy from the sleepy south Indian coast, so eager to follow his brothers-in-law into the colonial forces and onto the front line. Manek, dashing and confident, was a pilot with India’s fledgling air force; gentle Ganny became an army doctor in the arid North-West Frontier. Bobby’s pursuit would carry him as far as the deserts of Iraq and the green hell of the Burma battlefront. The years 1939–45 might be the most revered, deplored, and replayed in modern history. Yet India’s extraordinary role has been concealed, from itself and from the world. In riveting prose, Karnad retrieves the story of a single family—a story of love, rebellion, loyalty, and uncertainty—and with it, the greater revelation that is India’s Second World War. Farthest Field narrates the lost epic of India’s war, in which the largest volunteer army in history fought for the British Empire, even as its countrymen fought to be free of it. It carries us from Madras to Peshawar, Egypt to Burma—unfolding the saga of a young family amazed by their swiftly changing world and swept up in its violence.

Ramana Maharshi, 1879-1950, Hindu philosopher and saint from Tamil Nadu, India.

Sri Ramana Maharshi is widely thought of as one of the most outstanding Indian spiritual leaders of recent times. Having attained enlightenment at the age of 16, he was drawn to the holy mountain of Arunachala in southern India, and remained there for the rest of his life. Attracted by his stillness, quietness and teachings, thousands sought his guidance on issues ranging from the nature of God to daily life. This book brings together many of the conversations Maharshi had with his followers in an intimate portrait of his beliefs and teachings. Through these conversations, readers will discover Maharshi's simple discipline of self-enquiry: knowing oneself and looking inwards as the road to true understanding and enlightenment. This updated edition will appeal to anyone looking for peace, self-awareness, and guidance on how to embrace the self for well being and calm.

A Hindu Astrological Pilgrimage into the Life and Moksha of Sri Ramana Maharshi Sri Ramana Maharshi's Moksha is a new interdisciplinary Hindu astrological work in the spiritual spheres of Dharma and Moksha - exemplified through the life and Moksha of Sri Ramana Maharshi. The book throws new light on the nature of Moksha, the necessary and sufficient conditions for its occurrence, and also on the very process of the Maharshi's Moksha itself. Astrologers and seekers alike travelling on diverse paths will find in this book astonishing new insights, which will enable them to see 'order', for the first time, in the field of their enigmatic spiritual lives; a field wherein they would have seen previously no definitive pattern of spiritual destiny at all - but only a seething confusion of disillusionment and belied hopes. The author's unwavering devotion to the teachings of his four Spiritual Masters: Sri Ramana Maharshi, Sri Sri Bhagavan, Sri J. Krishnamurti and Sri Nisargadatta Maharaj, has certainly imbued the work with a spiritual intensity that is devoid of all narrowness.

Sri Ramana Maharshi (1879-1950), who has opened up the path of advaita to all people, is one of the most remarkable Sages of the modern era. After his enlightenment at age 17 he led a simple life on the sacred Hill Arunachala, in Southern India, for over 50 years, until his death. Attracted by the power of his presence, people from all countries, cultures and religions, whether rich or poor, educated or uneducated, came in their thousands to see him. Since his death nothing has changed, on the contrary, Ramanashram and Arunachala have become a vibrant spiritual centre and more and more people are showing an interest in the teachings of Ramana Maharshi.

New Enlarged Edition Sri Ramana Maharshi (1879-1950) was still in his teens when he attained enlightenment through a remarkable experience, as if undergoing death of the physical body, while remaining in full consciousness. He left home for the sacred hill of Arunachala where he taught the purest form of Advaita Vedanta (non-duality) through the simple discipline of self-inquiry. His teaching, his principal instruction to all his devotes was always to meditate on the question “Who am I?” In this book Arthur Osborne gives an account of the life and teachings of Sri Ramana Maharshi. It has a special relevance to our age with its outlines of a religion based on the Indian scriptures which is essentially spiritual, without ceasing to be rational and ethical.

Srimad Bhagavad Gita is now widely recognised as a scriptural text of worldwide importance. Sri Ramanuja is one of the noted commentators on the Vedanta Sutras of Badarayana and the Bhagavad Gita. This has brought him recognition as one of the greatest exponents of Vedanta from the Vaishnava point of view. Swami Adidevananda, one of the distinguished scholarly monks of the Ramakrishna Order who retained his inherent Sri Vaishnava heritage, has translated the original verses and Sri Ramanuja’s commentary into English. This book is of special importance because it is the only English translation now available with the original Sanskrit commentary as well. The book opens with meditation on the Gita followed by the Gitartha-sangraha of Sri Yamunacharya with English translation. Swami Tapasyananda, who was a scholarly monk with deep devotional temperament and one of the Vice-Presidents of the Ramakrishna Order, has written a scholarly introduction to this work.

EVERY living being longs always to be happy, untainted by sorrow; and everyone has the greatest love for himself, which is solely due to the fact that happiness is his real nature. Hence, in order to realise that inherent and untainted happiness, which indeed he daily experiences when the mind is subdued in deep sleep, it is essential that he should know himself. For obtaining such knowledge the enquiry, ‘Who am I?’ in quest of the Self is the best means. ‘WHO AM I?’ I am not this physical body, nor am I the five organs1 of sense perception; I am not the five organs of external activity2, nor am I the five vital forces,3 nor am I even the thinking mind. Neither am I that unconscious state of nescience which retains merely the subtle vasanas (latencies of the mind), while being free from the functional activity of the sense-organs and the mind, and being unaware of the existence of the objects of sense-perception.
