The USS Prometheus is sent to Lembatta Cluster to investigate if it is all the Renaons who are to blame or just a few. As the terrorists have targeted more than just the Federation, the crew of the Prometheus also have to deal with a Klingon ship along for the ride. There is a lot going on in Fire, not at least learning the new characters. I am a Star Trek fan, but not a true fanatic, so forgive me if I do not know the likes of Captain Adams et al.

his classmates -- including the always logical Vulcans and the fierce Brikar -- even though they are still trained to think of him as the enemy. Then a routine trip to a training satellite turns into an unexpected disaster, and Worf must unite the cadets and risk his life before a terrible accident destroys the entire mission.

The U.S.S. Enterprise™ members must resolve a conflict that could be their demise. En route to Alpha Malurian Six to settle a dispute between two religions, the U.S.S.

Enterprise™ first stops to do a routine check on the progress of a terraforming colony on Beta Canzandia Three—a colony whose inhabitants include Carol and David Marcus. While Spock is left behind at the terraforming colony to continue his scientific studies, the rest of the crew heads to Alpha Malurian Six to find the dispute has turned to war. As Kirk, McCoy, and Scotty search for a solution to end the conflict, a ship piloted by a Klingon faction arrives at the terraforming colony to take control of the facility.
