Unlike any book you've ever read, *Mentored by a Millionaire* is made up of fifteen mentoring sessions in which you will be mentored in the strategies, skills, and techniques used by super achievers who have become the world's most successful men and women. You will be mentored in these sessions by Steve Scott, a man who has not only made millions himself, but has helped dozens of others make millions as well.

In this short, powerful book, multimillionaire and bestselling author Steven K. Scott reveals King Solomon's

breakthrough strategies to achieve a life of financial success and personal fulfillment. Steve Scott flunked out of every job he held in his first six years after college. He couldn't succeed no matter how hard he tried. Then Dr. Gary Smalley challenged him to study the book of Proverbs, promising that in doing so he would achieve greater success and happiness than he had ever known. That promise came true, making Scott a millionaire many times over. In *The Richest Man Who Ever Lived*, Scott reveals Solomon's key for winning every race, explains how to resolve conflicts and

turn enemies into allies, and discloses the five qualities essential to becoming a valued and admired person at work and in your personal life. Scott illustrates each of Solomon's insights and strategies with anecdotes about his personal successes and failures, as well as those of such extraordinary people as Benjamin Franklin, Thomas Edison, Oprah Winfrey, Bill Gates, and Steven Spielberg. At once inspiring and instructive, *The Richest Man Who Ever Lived* weaves the timeless truths of one of our greatest works of literature into a detailed roadmap for

and speaker "The words I have spoken to you—they are full of the Spirit and life." —John 6:63 When Jesus walked this earth, He gave His followers more than one hundred life-changing promises. He also gave more than one hundred teachings for living in line with God's priorities—commands that lift us up rather than weigh us down! This 365-day devotional invites you to let Jesus speak directly into your life. Each reading begins with a red-lettered statement of Jesus, directly from Scripture, followed by a powerful reflection on how He wants us to apply His truths to our daily lives.

Hailed as "a magisterial critique of top-down social planning" by the New York Times, this essential work analyzes disasters from Russia to Tanzania to uncover why states so often fail—sometimes catastrophically—in grand efforts to engineer their society or their environment, and uncovers the conditions common to all such planning disasters. "Beautifully written, this book calls into sharp relief the nature of the world we now inhabit."—New Yorker "A tour de force."— Charles Tilly, Columbia University

USA TODAY BESTSELLER Amazon, Apple, Facebook, and Google are the four most influential companies on the planet. Just about everyone thinks they know how they got there. Just about everyone is wrong. For all that's been written about the Four over the last two decades, no one has captured their power and staggering success as insightfully as Scott Galloway. Instead of buying the myths these companies broadcast, Galloway asks fundamental questions. How did the Four infiltrate our lives so completely that they're almost impossible to avoid (or boycott)? Why does the

stock market forgive them for sins that would destroy other firms? And as they race to become the world's first trillion-dollar company, can anyone challenge them? In the same irreverent style that has made him one of the world's most celebrated business professors, Galloway deconstructs the strategies of the Four that lurk beneath their shiny veneers. He shows how they manipulate the fundamental emotional needs that have driven us since our ancestors lived in caves, at a speed and scope others can't match. And he reveals how you can apply the lessons of their ascent

to your own business or career. Whether you want to compete with them, do business with them, or simply live in the world they dominate, you need to understand the Four.

Is there a gap between you and your dream? A few years back, Joël Malm had the idea to lead people on outdoor expeditions with a spiritual, God-centered focus. Following God's lead, he created a vision map, started his organization, and made it happen. This book is a response to the question he often gets: How do you do something like that? Whether you want to

start a business, raise a family, run a marathon, plant a church, restore a relationship, or climb a mountain, you can take practical steps to see your vision come to be. Vision Map is not a formula for overnight success, but it is a template to start anyone on the path to envisioning a God-given dream. God often gives us a difficult problem to solve, and we just need a push in the right direction to find the answer.

the westward expansion of the United States, and thus became America's first great political couple John C. Frémont, one of the United States's leading explorers of the nineteenth century, was relatively unknown in 1842, when he commanded the first of his expeditions to the uncharted West. But in only a few years, he was one of the most acclaimed people of the age - known as a wilderness explorer, bestselling writer, gallant army officer, and latter-day conquistador, who in 1846 began the United States's takeover of California from Mexico. He was not even 40 years old when Americans

began naming mountains and towns after him. He had perfect timing, exploring the West just as it captured the nation's attention. But the most important factor in his fame may have been the person who made it all possible: his wife, Jessie Benton Frémont. Jessie, the daughter of a United States senator who was deeply involved in the West, provided her husband with entrée to the highest levels of government and media, and his career reached new heights only a few months after their elopement. During a time when women were allowed to make few choices for themselves,

Jessie - who herself aspired to roles in exploration and politics - threw her skill and passion into promoting her husband. She worked to carefully edit and publicize his accounts of his travels, attracted talented young men to his circle, and lashed out at his enemies. She became her husband's political adviser, as well as a power player in her own right. In 1856, the famous couple strategized as John became the first-ever presidential nominee of the newly established Republican Party. With rare detail and in consummate style, Steve Inskip tells the story of a couple whose joint ambitions

and talents intertwined with those of the nascent United States itself. Taking advantage of expanding news media, aided by an increasingly literate public, the two linked their names to the three great national movements of the time—westward settlement, women's rights, and opposition to slavery. Together, John and Jessie Frémont took parts in events that defined the country and gave rise to a new, more global America. Theirs is a surprisingly modern tale of ambition and fame; they lived in a time of social and technological disruption and divisive politics that

foreshadowed our own. In Imperfect Union, as Inskip navigates these deeply transformative years through Jessie and John's own union, he reveals how the Frémonts' adventures amount to nothing less than a tour of the early American soul.
