Shortlisted for the 2020 Business Book Awards Why do some businesses thrive, while many more struggle and fail? A key reason – and the focus of this book – is strategic alignment. This is the careful arrangement of the various elements of an enterprise – from its business strategy to its organisation – to best support the fulfillment of its long-term purpose. The best-aligned enterprises are the best performing. Most executives recognise that their enterprises should be managed in this aligned way, but lack a robust system of thought to allow them to execute strategic alignment effectively and realise its full benefits. There are thousands of organisations globally that are operating below their potential simply because they are not aligned. This book aims to change that. In Align, Jonathan Trevor provides a blueprint for how strategic alignment can be effectively developed, implemented and sustained. Drawing upon active research at the University of Oxford's Saïd Business School (with contributions from the joint works of Dr Jonathan Trevor and Dr Barry Varcoc), Jonathan also provides practical case studies and evidence-based insights – culminating in a thoughtful and compelling message to help leaders everywhere to improve their alignment and enterprise performance.

“Dennis has written a practical approach to an issue that plagues so many organizations. The Power of Strategic Alignment is important for any corporation but it is an absolute imperative for a non-profit organization. There is such a temptation to “follow the money”. Additionally, there are so many needs in the world that can easily distract good-hearted people and cause organizations to splinter in various directions.” David Williams, President and Chief Executive Officer Make-A-Wish® America “Any organization's impact depends on strong leaders and not just the CEO. The Power of Strategic Alignment helps senior leaders harness the power of your non-profits' strategy to achieve even more for those you serve.” Carolyn S. Miles, President & Chief Executive Save the Children “This is a must-read book for nonprofit CEOs and board members that highlight the importance of communication and developing an organization's leaders, strategies and goals to be successful. The book really illustrates the key elements to make things happen and getting positive results.” Jonathan R. Pearson, Executive Director, Corporate Philanthropy and Community Affairs Horizon Blue Cross Blue Shield of New Jersey “Drawing on his rich experience as the CEO and now as a highly regarded nonprofit strategic advisor, Dennis Miller provides the reader with a succinct yet comprehensive formula for nonprofit organization leaders and boards to maximize their effectiveness and success. He stresses how an organization, in order to have a successful strategic plan, must have a clear and compelling vision; have completed a comprehensive assessment of key strengths and critical weaknesses; possess a comprehensive funding plan; and complete a detailed plan for implementation and execution. I urge senior executives and board leaders of nonprofit organizations to read this book.” Charles M. Dombeck, Chairman National Institute for People with Disabilities in New Jersey
