George Yule UNIT 15 SECOND
LANGUAGE

ACQUISITION/LEARNING

Acquisition Barriers 1- Most people attempt to learn another language during their teenage or adult years. 2- In a few hours each week of school time. 3- With a lot of other occupations. 4- With an already known language available for most of their daily communicative requirements. 5- Adults' tongues get stiff from pronouncing one type of long and just can not cope with the new sounds of another language.

Easy to follow, simple to understand, broad yet concise - this fundamental introduction now has more study questions and new tasks.

This is an introduction to pragmatics, the study of how people make sense of each other linguistically. The author explains, and illustrates, basic concepts such as the co-operative principle, deixis, and speech acts, providing a clear, concise foundation for further study.

Discourse analysis is a term that

has come to have different interpretations for scholars working in different disciplines. For a sociolinguist, it is concerned mainly with the structure of social interaction manifested in conversation; for a psycholinguist, it is primarily concerned with the nature of comprehension of short written texts; for the computational linguist, it is concerned with producing operational models of text-understanding within highly limited contexts. In this textbook, first published in 1983, the authors provide an extensive overview of the many and diverse approaches to the study of discourse, but base their own approach centrally on the discipline which, to varying

degrees, is common to them all - linguistics. Using a methodology which has much in common with descriptive linguistics, they offer a lucid and wide-ranging account of how forms of language are used in communication. Their principal concern is to examine how any language produced by man, whether spoken or written, is used to communicate for a purpose in a context.

This collection brings together Peter Trudgill's essays on the sociolinguistic aspects of historical linguistics for the first time.

This book is intended for teachers of English.
