In a broad sense, technology is any modification of the natural world made to fulfill human needs or desires.

Get Free Technology

Although people tend to focus on the most recent technological inventions, technology includes a myriad of devices and systems that profoundly affect everyone in modern society.

Get Free Technology Question Paper For Grade 8 2014 Term 1

Technology is pervasive; an informed citizenship needs to know what technology is, how it works, how it is created, how it shapes our society, and how society influences technological
