Ce livre présente la synthèse de vingt années de recherches, menées en France et en Algérie, sur l'émigration et l'immigration, deux phénomènes qui sont aussi indissociables que le recto et le verso de la même feuille et pourtant très différents en apparence, au point qu'on croit pouvoir comprendre l'un sans connaître l'autre.

“Fatima Daas carves out a portrait, like a patient, attentive sculptor...or like a mine searcher, aware that each word could make everything explode.” —Virginia Despentes Drawn from the author’s experiences growing up in a Paris banlieue, a powerful, lyric debut that explores the diverse, often conflicting facets of her identity—French, Algerian, Muslim, lesbian. The youngest daughter of Algerian immigrants, Fatima Daas is raised in a home where love and sexuality are considered taboo, and signs of affection avoided. Living in the majority-Muslim suburb of Clichy-sous-Bois, she often spends more than three hours a day on public transportation to and from the city, where she feels like a tourist observing Parisian manners. She goes from unstable student to maladjusted adult, doing four years of

therapy—her longest relationship. But as she gains distance from her family and comes into her own, she grapples more directly with her attraction to women and how it fits with her religion, which she continues to practice. When Nina comes into her life, she doesn't know exactly what she needs but feels that something crucial has been missing. This extraordinary first novel, anchored and buoyed by the refrain "My name is Fatima," is a vital portrait of a young woman finding herself in a modern world full of contradictions. Daas's journey to living her sexuality in spite of expectations about who she should be offers a powerful perspective on the queer experience. The result is a study that underscores how Baudelaire's legacy continues to energize literary engagements with the violence of modernity.

"[An] extraordinary achievement." —Liesl Schillinger, The Wall Street Journal Across three generations, three wars, two continents, and the mythic waters of the Mediterranean, one family's history leads to an inevitable question: What price do our descendants pay for the choices that we make? Naïma knows Algeria only by the artifacts she encounters in her grandparents' tiny apartment in Normandy: the language her grandmother speaks but Naïma can't understand, the food her grandmother cooks, and the precious things her grandmother carried when they fled. Naïma's father claims to remember nothing; he has made himself French. Her grandfather died before he could tell her his side of the story. But now Naïma will travel to Algeria to see for herself what was left behind—including their secrets. The Algerian War for Independence sent Naïma's grandfather on a journey of his own, from wealthy olive grove owner and respected veteran of the First World War, to refugee spurned as a harki by his fellow Algerians in the transit camps of southern France, to immigrant barely scratching out a living in the north. The long battle against colonial rule broke apart communities, opened deep rifts within families, and saw the whims of those in even temporary power instantly overturn the lives of ordinary people. Where does Naïma's family fit into this history? How

do they fit into France's future? Alice Zeniter's *The Art of Losing* is a powerful, moving family novel that spans three generations across seventy years and two shores of the Mediterranean Sea. It is a resonant people's history of Algeria and its diaspora. It is a story of how we carry on in the face of loss: loss of country, identity, language, connection. Most of all, it is an immersive, riveting excavation of the inescapable legacies of colonialism, immigration, family, and war.

In this stunning novel, Assia Djebar intertwines the history of her native Algeria with episodes from the life of a young girl in a story stretching from the French conquest in 1830 to the War of Liberation of the 1950s. The girl, growing up in the old Roman coastal town of Cherchel, sees her life in contrast to that of a neighboring French family, and yearns for more than law and tradition allow her to experience. Headstrong and passionate, she escapes from the cloistered life of her family to join her brother in the maquis' fight against French domination. Djebar's exceptional descriptive powers bring to life the experiences of girls and women caught up in the dual struggle for independence - both their own and Algeria's.

In this pioneering study, Hisham Aidi takes us into the musical subcultures that have emerged among Muslim youth worldwide over the last decade. He shows how music - primarily hip-hop, but also rock, reggae, Gnawa and Andalusian - has come to express a shared Muslim consciousness in face of War on Terror policies

"Jaw-dropping . . . Inspiring . . . A haunting and beautifully composed book . . . It blew my mind." --Lisa Taddeo, #1 New York Times bestselling author of *Three Women* A fearless exposé of the secrets and lies of women's intimate lives, by the bestselling author of *The Perfect Nanny*, *Adèle*, and *In the Country of Others* "All those in positions of authority--politicians, parents, teachers--maintain the same line: 'Do what you like, but do it in private.' " Leila Slimani was in her native Morocco promoting her novel *Adèle*, about a woman addicted to sex, when she began meeting women who confided the dark secrets of their sexual lives. In Morocco, adultery, abortion, homosexuality, prostitution, and sex outside of marriage are all punishable by law, and women have only two choices: They can be wives or virgins. *Sex and Lies* combines vivid, often harrowing testimonies with Slimani's passionate and intelligent commentary to make a galvanizing case for a sexual revolution in the Arab world.
