involved, whether they be in the role of the counsellor or the counselled. Written for a new module on the Open University's MA in Education - E839

The Routledge Student Guide to English Usage is an invaluable A-Z guide to the appropriate use of English in academic contexts. The first part of the book covers approximately 4000 carefully selected words, focusing on groups of confusable words that sound alike, look alike or are frequently mixed up. The authors help to solve academic dilemmas, such as correct usage of the

apostrophe and the crucial difference between infer and imply. Examples of good usage are drawn from corpora such as the British National Corpus and the Corpus of Contemporary American English. The second part covers the key characteristics of formal English in a substantial reference section, comprising:

- stylistic features
- punctuation
- English grammar
- the use of numbers
- email writing.

This is the essential reference text for all students working on improving their academic writing skills. Visit the companion website for a

your teaching time.

Anthology

Explore the works of Western literature that have stood the test of time—and discover titles to enrich your own book collection. A Student's Guide to Literature takes up these questions: In a time of mass culture and pulp fiction, can great literature still be discerned, much less defended? Why is literature so compelling? What should we read? Literary scholar R. V. Young addresses these timely issues in this guide to Western literature and poetry. He demonstrates that literature liberates the mind from cultural and

The hugely popular text provides students with straightforward principles and frameworks for understanding methodology. Peter Clough and Cathy Nutbrown are adept at making methodology meaningful for beginners and more advanced readers alike. Their book clearly demonstrates how methodology impacts upon every stage of the research process, and gives readers all of the tools that they need to understand it. New to this edition are the following: - new boxes and guidance on research ethics in every chapter - more international examples and perspectives - up to date

The coverage of online research methods – more examples from real students – a new companion website, featuring Powerpoint slides for lecturers The authors take an applied approach and every chapter contains a variety of practical examples from real research. Readers are encouraged to reflect on their own practice at every step, meaning that the book remains extremely relevant throughout. It will be invaluable for all students who are doing a dissertation or taking a research methods module in education, the social sciences, business and health.
