H.P. Blavatsky's The Secret Doctrine is the foundational text for the dissemination of the esoteric tradition, as promulgated by the Masters of Wisdom for this new epoch. The Theosophical Society, the writings of Alice Bailey, Helena Roerich and other esotericists, are founded upon the basis of the advanced esoteric doctrines promulgated in that text. Here, for the first time, a proper exposition of the mode of the coding of the esoteric texts presented by the Masters is revealed. The object being to assist serious students of the esoteric doctrines to gain much deeper insights as to the nature of the hidden wisdom of the revelatory writings emanating from the Hierarchy of enlightened beings. This book consequently presupposes that the reader is familiar with the context of the writings of the above authors, and also my writings, because of the nature of the advanced esotericism that needs to be explicated. The focus of this analysis is upon the Stanzas of Dzyan (stanzas for meditation), the backbone of The Secret Doctrine. Those that take the time to properly study the texts will comprehend the vastness of the philosophy and awareness attained by enlightened beings, and so hopefully aspire to likewise gain enlightenment.
