Book Review: The Blue Tattoo | The Lifepath Dialogues

Based on historical records, including the letters and diaries of Oatman's friends and relatives, The Blue Tattoo is the first book to examine her life from her childhood in Illinois including the massacre, her captivity, and her return to white society - to her later years as a wealthy banker's wife in Texas.--BOOK JACKET.

In 1851 Olive Oatman was a thirteen-year old pioneer traveling west toward Zion, with her Mormon family. Within a decade, she was a white Indian with a chin tattoo, caught between cultures. The Blue Tattoo tells the harrowing story of this forgotten heroine of frontier America. Orphaned when her family was brutally killed by Yavapai Indians, Oatman lived as a slave to her captors for a year before being traded to the Mohave, who tattooed her face and raised her as their own. She was fully assimilated and perfectly happy when, at nineteen, she was ransomed back to white society. She became an instant celebrity, but the price of fame was high and the pain of her ruptured childhood lasted a lifetime. Based on historical records, including letters and diaries of Oatman's friends and relatives, The Blue Tattoo is the first book to examine her life from her childhood in Illinoisincluding the massacre, her captivity, and her return to white societyto her later years as a wealthy banker's wife in Texas. Oatman's story has since become legend, inspiring artworks, fiction, film, radio plays, and even an episode of Death Valley Days starring Ronald Reagan. Its themes, from the perils of religious utopianism to the permeable border between civilization and savagery, are deeply rooted in the American psyche. Oatman's blue tattoo was a cultural symbol that evoked both the imprint of her Mohave past and the lingering scars of westward expansion. It also served as a reminder of her deepest secret, fully explored here for the first time: she never wanted to go home.

Book Review: The Blue Tattoo | The Lifepath Dialogues

After being forced to leave her ship in 1803, Jacky Faber finds herself attending school in Boston, where, instead of learning to be a lady, she roams the city in search of adventure, and learns to ride a horse.

"In this provocative work full of intriguing female characters from tattoo history, Margot Mifflin makes a persuasive case for the tattooed woman as an emblem of female self-expression." (Susan Faludi Bodies of Subversion is the first history of women's tattoo art, providing a fascinating excursion to a subculture that dates back into the nineteenth-century and includes many never-before-seen photos of tattooed women from the last century. Author Margot Mifflin notes that women's interest in tattoos surged in the suffragist 20s and the feminist 70s. She chronicles: " Breast cancer survivors of the 90s who tattoo their mastectomy scars as an alternative to reconstructive surgery or prosthetics. " The parallel rise of tattooing and cosmetic surgery during the 80s when women tattooists became soul doctors to a nation afflicted with body anxieties. " Maud Wagner, the first known woman tattooist, who in 1904 traded a date with her tattooist husband-to-be for an apprenticeship. " Victorian society women who wore tattoos as custom couture, including Winston Churchill's mother, who wore a serpent on her wrist. " Nineteeth-century sideshow attractions who created fantastic abduction tales in which they claimed to have been forcibly tattooed. †In Bodies of Subversion, Margot Mifflin insightfully chronicles the saga of skin as signage. Through compelling anecdotes and cleverly astute analysis, she shows and tells us new histories about women, tattoos, public pictures, and private parts. It's an indelible account of an indelible piece of cultural history.† Barbara Kruger, artist

Reduced to begging and thievery in the streets of London, a thirteen-year-old orphan disguises herself as a boy and connives her way onto a British warship set for high sea adventure in search of pirates.

When a giant sperm whale washes up on the local beach it tells Joe Gunner that death will follow him wherever he goes. Joe knows that the place he needs to go is back home. Having stormed out two years ago, it won't be easy, nor will returning to the haunted river beside the house where words ripple beneath the surface washing up all sorts of memories. Joe turns to his sister, Birdee, the only person who has ever listened. But she can't help him, she drowned two years ago. Then there's Tim Fysh, local fisherman and long-time lover. But reviving their bond is bound to be trouble. As the water settles and Joe learns the truth about the river, he finds that we all have the capability to hate, and that we can all make the choice not to. Ransom's fractured, distinctive prose highlights the beauty and brutality of his story, his extraordinarily vivid sense of place saturates the reader with the wet of the river, and the salty tang of the sea.

Olive Oatman A pioneer girl traveling west with her Mormon family at the mid-point of the nineteenth century, Olive Oatman's life story began like many others. But when Olive's family were massacred and she was taken captive by Native Americans, her story took a unique turn. An extraordinary tale of survival and loss, the life of Olive Oatman is stranger than fiction. Inside you will read about... † Journey to the Promised Land † The Massacre † Slaves of the Tribe † Olive's Tribal Tattoo † Return to Civilization † Late Life and Death And much more!

From an author praised for writing 'delicious social history' (Dwight Garner, The New York Times) comes a lively account of memorable Miss America contestants, protests, and scandalsand how the pageant, nearing its one hundredth anniversary, serves as an unintended indicator of feminist progress Looking for Miss America is a fast-paced narrative history of a curious and contradictory institution. From its start in 1921 as an Atlantic City tourist draw to its current incarnation as a scholarship competition, the pageant has indexed women's status during periods of social change:the post-suffrage 1920s, the Eisenhower 1950s, the #MeToo era. This ever-changing institution has been shaped by war, evangelism, the rise of television and reality TV, and, significantly, by contestants who confounded expectations. Spotlighting individuals, from Yolande Beibeez, whose refusal to pose in swimsuits led an angry sponsor to launch the rival Miss USA contest, to the first black winner, Vanessa Williams, who received death threats and was protected by sharpshooters in her hometown parade, Margot Mifflin shows how women made hard bargains even as they used the pageant for economic advancement. The pageant's history includes, crucially, those it excluded; the notorious Rule Seven, which required contestants to be 'of the white race,' was retired in the 1950s, but no women of color were crowned until the 1980s. In rigorously researched, vibrant chapters that unpack each decade of the pageant, Looking for Miss America examines the heady blend of capitalism, patriotism, class anxiety, and cultural mythology that has fueled this American ritual.
