Wicked wolves and a grim governess threaten Bonnie and her cousin Sylvia when Bonnie's parents leave Willoughby Chase for a sea voyage. Left in the care of the cruel Miss Slighcarp, the girls can hardly believe what is happening to their once happy home. The servants are dismissed, the furniture is sold, and Bonnie and Sylvia are sent to a prison-like orphan school. It seems as if the endless hours of drudgery will never cease. With the help of Simon the gooseboy and his flock, they escape. But how will they ever get Willoughby Chase free from the clutches of the evil Miss Slighcarp?

One of the greatest challenges for English language arts teachers today is the call to engage students in more complex texts. Tim Gillespie, who has taught in public schools for almost four decades, has found the lenses of literary criticism a powerful tool for helping students tackle challenging literary texts. Tim breaks down the dense language of critical theory into clear, lively, and thorough explanations of many schools of critical thought--reader response, biographical, historical, psychological, archetypal, genre based, moral, philosophical, feminist, political, formalist, and postmodern. "Doing Literary Criticism" gives each theory its own chapter with a brief, teacher-friendly overview and a history of the approach, along with an in-depth discussion of its benefits and limitations. Each chapter also includes ideas for classroom practices and activities. Using stories from his own English classes--from alternative programs to advanced placement and everything in between--Tim provides a wealth of specific classroom-tested suggestions for discussion, essay and research paper topics, recommended texts, exam questions, and more. The accompanying cd offers abbreviated overviews of each theory (designed to be used as classroom handouts), examples of student work, collections of quotes to stimulate discussion and writing, an extended history of women writers, and much more. Ultimately, "Doing Literary Criticism" offers teachers a rich set of materials and tools to help their students become confident and able readers, writers, and critical thinkers. Chapters of this book include: (1) Getting Started; (2) Reader Response Criticism; (3) Biographical Criticism; (4) Historical Criticism; (5) Psychological Criticism; (6) Archetypal Criticism; (7) Genre Criticism; (8) Moral Criticism; (9) Philosophical Criticism; (10) Feminist Criticism; (11) Political or Advocacy Criticism; (12) Formalist Criticism; and (13) Putting It All Together. References and an index are also included. [Foreword by Leila Christenbury.]
