Although a year has passed, not a day goes by without Meggie thinking of the extraordinary events of Inkheart, and the story whose characters strode out of the pages, and changed her life forever. But for Dustfinger, the fire-eater, torn from his world of words, the need to return has become desperate. When he finds a crooked storyteller with the magical ability to read him back, he sets in motion a dangerous reversal that sees the characters of Inkheart transported to a charmed Inkworld, about to be fought over by rival rebels and princes. But can Meggie, Farid and Fenoglio 'write' the wrongs of a charmed world about to be fought over by rival princes and rebels?

Life in the Inkworld has been far from easy since the extraordinary events of Inkspell, when the story of Inkheart magically drew Meggie, Mo and Dustfinger back into its pages. Even Elinor, left alone in the real world, believes her family to be lost - lost between the covers of a book. But as winter comes on there is reason to hope - if only Meggie and Mo can rewrite the wrongs of the past and make a dangerous pact with death. The Final Book in the Inkheart Trilogy.

Since Meggie's bookbinder father can "read" fictional characters to life one abducts them; Meggie "reads" herself into Inkworld as the original creator of the world tries to redirect the story; and the Book of Immortality starts to unravel.
