This is a medieval tale about a damsel in distress and a valiant knight that served in king Arthur's kitchen and how he sets out to save the lovely lady in the tower. This story is based on part of The Tale of Sir Gareth of Orkney but based on the reviews, this story is not for everyone, especially feminists but I personally loved this medieval tale. I know that today, the damsel in the tower would have saved herself but I personally love the damsel/knight in plight and a satisfying HEA.

A young princess is tasked with rescuing a spoiled prince—if she really wants to—in this fantasy adventure by the author of *Dragon Bait*. Once upon a time there lived a very nice but very plain young princess named Jennifer. And she had the bad luck to fall in love with the very handsome but very conceited prince Alexander. The prince had a gift for offending everyone he met, including one day an evil witch, who cast a deep spell over him. It falls to Jennifer to save him. Yet how can a nice (but average) princess hope to defeat a powerful witch? And why save Alexander? Because she loves him?
