New York City - New York City - Growth of the metropolis: Despite the loss of the national government, New York's population skyrocketed in 1781–1800, and it became America's largest city. Once again trade grew rapidly, and not even the War of 1812 hindered development; an auction system for surplus British merchandise dumped in New York solidified the city's economic position after 1816.

First in Joseph Marshall's groundbreaking Lakota Westerns series, this riveting novel takes place during the Battle of the Hundred in the Hand, otherwise known as the Fetterman Massacre of 1866. The story comes alive through the eyes of Cloud, a dedicated warrior who fights alongside a young Crazy Horse during one of the coldest winters, as well as the white soldiers who mistake Cloud's redheaded wife for a captive. A beautifully written and fast-paced Western, *Hundred in the Hand* brings new depth to the story of the battle and the Lakota people.

When Paha Sapa, a young Sioux warrior, "counts coup" on General George Armstrong Custer as Custer lies dying on the battlefield at the Little Bighorn, the legendary general's ghost enters him - and his voice will speak to him for the rest of his event-filled life. Seamlessly weaving together the stories of Paha Sapa, Custer, and the American West, Dan Simmons depicts a tumultuous time in the history of both Native and white Americans. Haunted by Custer's ghost, and also by his ability to see into the memories and futures of legendary men like Sioux war-chief Crazy Horse, Paha Sapa's long life is driven by a dramatic vision he experienced as a boy in his people's sacred Black Hills. In August of 1936, a dynamite worker on the massive Mount Rushmore project, Paha Sapa plans to silence his ghost forever and reclaim his people's legacy-on the very day FDR comes to Mount Rushmore to dedicate the face.

A grandmother's love is forever In this mystical story of remembrance and tradition, Sister Girl and her brother, Young Wolf, wander far from their village and face great danger, including stampeding animals and a wall of fire. The children barely save themselves, and as night approaches, they find themselves alone in the barren and unforgiving wilderness. How will they find home? As the stars shine brightly, the spirit of their grandmother, Elk Tooth Woman, appears to guide them: "The Star People are always with you. Look up, and you will see me among the stars." S. D. Nelson's compelling illustrations, inspired by the ledger-book style of the Plains Indians, capture the beauty of humans and nature existing as one.

Investigates the enigmatic Native American figure, assessing critical battles attributed to his leadership within a context of the Great Sioux Wars, exploring the relationships between the Lakota Sioux and other tribes and analyzing the subjugation of North Plains Native Americans. Reprint.

The "fascinating" #1 New York Times bestseller that awakened the world to the destruction of American Indians in the nineteenth-century West (*The Wall Street Journal*). First published in 1970, *Bury My Heart at Wounded Knee* generated shockwaves with its frank and heartbreaking depiction of the systematic annihilation of American Indian tribes across the western frontier. In this nonfiction account, Dee Brown focuses on the betrayals, battles, and massacres suffered by American Indians between 1860 and 1890. He tells of the many tribes and their renowned chiefs—from Geronimo to Red Cloud, Sitting Bull to Crazy Horse—who struggled to combat the destruction of their people and culture. Forcefully written and meticulously researched, *Bury My Heart at Wounded Knee* inspired a generation to take a second look at how the West was won. This ebook features an illustrated biography of Dee Brown including rare photos from the author's personal collection.

The harsh realities of life on the Pine Ridge Reservation test the bonds between two brothers: Rudy Yellow Shirt, a full-blooded Oglala Sioux and an investigator with the Pine Ridge Public Safety Department, and his older brother, Mogie, a frequent drunk. A first novel.

"The five narratives in this book, the third in Julian Rice's examination of the work of Ella

Deloria, demonstrate Deloria's artistry in portraying the central values of Lakota (Sioux) culture. The introductory stories illustrate courage in three extraordinary women and Deloria's ability to subordinate her voice to that of different narrators. Another tale, "The Prairie Dogs," explains how the warriors' and chiefs' societies, the strongest forces for social cohesion, came into being." "The longest story, "The Buffalo People," concerns the origin of tribal identity based on such ideal qualities as the strength and generosity of the buffalo and the resiliency and grace of the corn. Following the noted storyteller Makula (Breast or Left Heron), Deloria improvises upon the poetic conventions of oral performance, from simple asides to traditional set speeches of the Buffalo Woman ceremony. Blending careful observation with creative skill, these stories offer new and often surprising perspectives on Lakota culture. They will entertain and instruct any reader with an interest in Native American societies of the past and present."--BOOK JACKET. Title Summary field provided by Blackwell North America, Inc. BEHIND ENEMY LINES Continues the saga of David Hampton in THE LAST MISSION. David parachutes from his burning fighter, his face burned and eye sight blurry, finds himself deep inside Germany. A Jewish partisan finds him and takes him in, tending to his wounds. A Jewish doctor and his daughter keep him hidden in their attic. Gestapo raids the farm and arrests the Jews. David is taken captive and shipped with them in cattle cars to a Nazi death camp. David escapes and reverts back to his Lakota upbringing, his Native Wisdom, to elude his captors. He joins a resistance group and steals an FW-190, and begins bringing the war home to the Nazis inside Germany. A captivating, superbly written novel of combat flying, peopled by real warriors who went up daily. The heart wrenching love story is equally intense.--ED McGAA, EAGLE MAN, USMC 110 missions Vietnam - F4B Phantoms Author of Eagle Vision and Mother Earth Spirituality. David Hampton adapted to the white mans world, still he kept the old ways, his grandfathers ways, in his heart. He believed in Wakan Tanka, and Mother Earth, who would provide him everything he needed. Grandfather had taught him the ways of his ancestors. Each summer they would go into the Black Hills, they would live off the land. Now, you go to the store and buy everything you need. It has not always been that way. He learned to live off the land, his ancestors did; now he would do so also. Something moved on the bank opposite him and he looked up. There was a woman standing on the bank watching him. She had a Schmauser machinegun pistol hanging by a sling from her shoulder. Her right hand was on the grip and a finger on the trigger. She was tall and although she wore mens bulky clothing, he could not help but notice a well developed figure. Her hair was done up in a ball at the back of her head and she wore a large fur hat. Her face was plain, not pretty, but not ugly by any means. Her lips were large and looked as though she was pouting over something.

The author recounts his experiences on the lucrative Wall Street bond market of the 1980s, where young traders made millions quickly and easily, in a humorous account of greed and epic folly
