The Jefferson Bible, or The Life and Morals of Jesus of Nazareth as it is formally titled, was a book constructed by Thomas Jefferson in the latter years of his life by cutting and pasting numerous sections from various Bibles as extractions of the doctrine of Jesus. Jefferson's composition excluded sections of the New Testament containing supernatural aspects as well as perceived misinterpretations he believed had been added by the Four Evangelists. In 1895, the Smithsonian Institution under the leadership of librarian Cyrus Adler purchased the original Jefferson Bible from Jefferson's great-granddaughter Carolina Randolph for \$400. A conservation effort commencing in 2009, in partnership with the museum's Political History department, allowed for a public unveiling in an exhibit open from November 11, 2011, through May 28, 2012, at the National Museum of American History.

"Jesus of Nazareth, a Biography, by John Mark," recognizes the author of the second Gospel as that "John, whose surname was Mark" (Acts 15:37), whom Barnabas chose as companion when he sailed for Cyprus on his second missionary journey. In making use of the new title, the plan of the Editor is to present "The Gospel: According to Mark" as it would be printed were it written in the twentieth rather than the first century. Mark's Gospel has been chosen for this purpose to make available in more readable form this timely portion of the Bible. In John Mark the missionary is revealed a man of action. This characteristic influences strongly the point of view and style of his writing. As John, the beloved disciple, in "The Revelation" beholds the victorious Christ as "the Lion of the tribe of Judah," foretold by the prophets, so Mark sees Jesus of Nazareth as the strong, vigorous man of action; he writes of His mighty works in swift narrative at times so vivid it flashes like a burst of flame, as though the facts presented must have been on fire in the heart of the author. Written for the practical, energetic Roman, the Editor feels that this biography of Jesus of Nazareth exactly fits the mood of our own time, with its emphasis upon the practical and its insistence that the man of action, the doer, is the man for the hour. Printed like a

modern book, but in the fine old King James' version, it is believed that all Bible lovers will welcome their old friend, "The Gospel: According to Mark," in its new literary dress; it is hoped, too, that in this popular form book buyers and lovers of good literature may be led to purchase a book which needs only to be thoroughly and thoughtfully read to be greatly revered.
