"When I say that I was a

girl, determined to fight for the life her mother couldn't have. As a young woman coming of age in the late 1960s, she rode the second wave of feminism. Among a tribe of like-minded female journalists, Allende

Acces PDF The Soul Of A New Machine Tracy Kidder

for the first time felt comfortable in her own skin, as they wrote “with a knife between our teeth” about women’s issues. She has seen what the movement has accomplished in the course of her lifetime. And over

the course of three
passionate marriages, she
has learned how to grow as a
woman while having a

and the rewards of embracing
one's sexuality. So what
feeds the soul of

feminists—and all
women—today? To be safe, to
be valued, to live in peace,
to have their own resources,
to be connected, to have
control over our bodies and
