From the acclaimed author/artist of Beyond the Pond and Rulers of the Playground comes a breathtaking new book with a powerful message about the environment, perfect for fans of Peter Brown's The Curious Garden and Kadir Nelson's If You Plant a Seed. Each day, the big trucks go to work. They scoop and hoist and push. But when Digger discovers something growing in the rubble, he sets in motion a series of events that will change him, and the city, forever. "This story contains bold graphic illustrations and a wonderful message about the environment," proclaims Brightly.com in their article "18 Must-Read Picture Books of 2018."

Little Excavator wants to help the big rigs transform a vacant lot into a neighborhood park, but he's too small. Then he finds a job that's a perfect Little E-sized task.

A young boy imagines how he will use his digger to make a park where he and his little brother can play.

The perfect bedtime book from Nick East and Michelle Robinson - Goodnight Princess As a little girl says goodnight to her dressing up clothes and dolls she is transformed into a princess in a magical realm. A beautiful rhyming text is accompanied by atmospheric illustrations which will delight and soothe all little girls as they snuggle up in bed. A follow-up to the wonderful Goodnight Tractor and Goodnight Digger, this is the perfect bedtime book. Michelle Robinson has always wanted to be an author like her hero Roald Dahl, but all they had in common was the same birthday and a love of chocolate. Now at last, Michelle is a real author too. She lives in Frome, Somerset with her husband, son and daughter. Visit her at www.michellerobinson.co.uk. Nick East has been working as a museum designer for the past 16 years but has always been a storyteller, whether as a child, filling sketchbooks with quirky characters, or as a designer displaying a collection of ancient artifacts. Nick lives near York with his wife and two children and, when he isn't drawing, he is out riding bikes and spending time with his family.

Truck-obsessed toddlers will want to make the diggers, tractors, fire engines, and more featured in this fun-filled construction tale part of their nightly bedtime routines! Discover what bedtime looks like for the snowplows, dump trucks, giant cranes, and more that dot the pages of this irresistible construction story. Just like you and me, the vehicles in this story get tuckered out after a long day of hard work and need to quiet down and settle in for sweet dreams. Young readers will surely identify as these trucks ask for one more story while their parents sing them a goodnight song and send them off to bed. With a sweet rhyme scheme and an illustration style that's perfect for nighttime rituals, Where Do Diggers Sleep at Night? and its things-that-go companions—Where Do Steam Trains Sleep At Night?, Where Do Jet Planes Sleep At Night?, Where Do Speedboats Sleep at Night?, and Where Do Diggers Celebrate Christmas?—will leave vehicle-loving kids snuggled up and satisfied.

Sixteen boisterous, rhyming poems — each one highlighting the job and personality of a different vehicle, from a backhoe to an ambulance to a snowplow — invite young children to meet their favorite trucks face-to-face. Cheerful illustrations show each one in action, digging (or dozing, or dumping) away. Engaging visual details like an anxious turtle crossing the street just ahead of a steamroller are sure to keep preschoolers poring over the pages as they consider the question, "Trucks as far as eyes can see. . . . Which truck would you like to be?"

A magical realist coming-of-age story, Gold Diggers skewers the model minority myth to tell a hilarious and moving story about immigrant identity, community, and the underside of ambition. A floundering second-generation teenager growing up in the Bush-era Atlanta suburbs, Neil Narayan is funny and smart but struggles to bear the weight of expectations of his family and their Asian American enclave. He tries to want their version of success, but mostly, Neil just wants his neighbor across the cul-de-sac, Anita Dayal. When he discovers that Anita is the beneficiary of an ancient, alchemical potion made from stolen gold—a “lemonade” that harnesses the ambition of the gold’s original owner—Neil sees his chance to get ahead. But events spiral into a tragedy that rips their community apart. Years later in the Bay Area, Neil still bristles against his community’s expectations—and finds he might need one more hit of that lemonade, no matter the cost. Sanjena Sathian’s astonishing debut offers a lime-grained, profoundly intelligent, and bitinglly funny investigation into what’s required to make it in America.

When torrential autumn rains flood her tunnels, Digger manages to escape from these treacherous waters only to face new danger above ground.
