It is full of the wonder and glory of God, and a testament to His mercy and justice.

The Story of the Quran (All parts) - The Religion of Islam

One of the stories in the Quran, is the story of Haroot and Maroot. Allah Says what means: "And they [i.e., the Children of Israel] followed [instead] what the devils had recited during the reign of Sulayman (Solomon). It was not Sulayman who disbelieved, but the devils disbelieved, teaching people magic and that which was revealed to the two.

Stories in the Quran

Concise and Informative Introduction to the Qur'an Very good introductory textbook about the story of the Qur'an--covering topics from the context of the revelation during the time of the Prophet (pbu), to its compilation after his death, to the problems that come with finding systematic ways to interpret the text, to the role it plays in everyday Muslim life.

The Quran was Prophet Muhammad's miracle from God. Muhammad was unable to read or write therefore the Arabs knew that he was unlikely to have produced such eloquent words, but even so some refused to believe that the Quran was the word of God. God therefore challenged them, in the Quran, to produce a rival text.

A simple text and fabulous colour illustrations, which bring the narratives vividly to life, make the message of the Quran more meaningful for children. The book offers a special dimension to these wonderful goodnight stories, and acts as a foundation on which to build a growing knowledge of the Quran.

This volume rejects the notion that Islam's sacred text is error free and cannot be critically evaluated. The study of the Koran must develop and mature. Scholars of Islam are of course familiar with the book's many errors and contradictions, but these inherent flaws have rarely been revealed to a wider public. The Origins of the Koran is an attempt to remedy this deficiency by bringing together classic critical essays which raise key issues surrounding Islam's holy book.Divided into four parts, this important anthology begins with Theodor Noldeke's first truly scientific study of the Koran. Part Two focuses on the difficulty of establishing a reliable Koranic text, while Part Three examines the Jewish, Christian, and Zoroastrian sources of Muhammad's revelation. Part Four is a consideration of the controversial interpretations of contemporary scholar John Wansbrough, who questions the historical reliability of the earliest Islamic sources.This superb collection, which includes additional selections from Leone Caetani, Arthur Jeffery, David Margoliouth, Andrew Rippin, C.C. Torrey, and more, will prove indispensable to scholars and all those interested in the textual underpinning of one of the fastest-growing religions in the world.Ibn Warraq is the highly acclaimed author of Why I Am Not a Muslim and Defending the West. He is also the editor of The Origins of the Koran, What the Koran Really Says, Leaving Islam, The Quest for the Historical Muhammad, and Which Koran?.

This book is based on the key stories of the Quran as recorded by Imam Ismail ibn al-Kathir in his widely respected and popular commentary generally known as the Tafsir Ibn Kathir. Written in clear, simple language, this compilation from Ibn Kathir's authentic narration contains 19 of these captivating stories in an abridged version that will hold your interest from beginning to end. These stories are excellent for both adults and children. By increasing your appreciation for the verses they represent, they will help you to understand and recognize the wisdom and benevolence behind Allah's messages to mankind as revealed in the Holy Quran.

This inspiring collection of illustrated stories offers an Islamic take on the lives and missions of familiar prophets. Through these Islamic renditions, children are made keenly aware of the importance of certain virtues - steadfastness, patience, and honesty - exhibited by religious role models in the Qur'an, including Abraham, Moses, Noah, and Jesus, and the prophets' willingness to endure hardship as a means to an honest life.

The Story of Two Gardens is a beautifully illustrated and creatively written story about the owner of two gardens. It will capture the interest of children both at home and in the classroom.

In this original and illuminating book, Denise A. Spellberg reveals a little-known but crucial dimension of the story of American religious freedom—a drama in which Islam played a surprising role. In 1765, eleven years before composing the Declaration of Independence, Thomas Jefferson bought a Qur'an. This marked only the beginning of his lifelong interest in Islam, and he would go on to acquire numerous books on Middle Eastern languages, history, and travel, taking extensive notes on Islam as it relates to English common law. Jefferson sought to understand Islam notwithstanding his personal disdain for the faith, a sentiment prevalent among his Protestant contemporaries in England and America. But unlike most of them, by 1776 Jefferson could imagine Muslims as future citizens of his new country. Based on groundbreaking research, Spellberg compellingly recounts how a handful of the Founders, Jefferson foremost among them, drew upon Enlightenment ideas about the toleration of Muslims (then deemed the ultimate outsiders in Western society) to fashion out of what had been a purely speculative debate a practical foundation for governance in America. In this way, Muslims, who were not even known to exist in the colonies, became the imaginary outer limit for an unprecedented, uniquely American religious pluralism that would also encompass the actual despised minorities of Jews and Catholics. The rancorous public dispute concerning the inclusion of Muslims, for which principle Jefferson's political foes would vilify him to the end of his life, thus became decisive in the Founders' ultimate judgment not to establish a Protestant nation, as they might well have done. As popular suspicions about Islam persist and the numbers of American Muslim citizenry grow into the millions, Spellberg's revelatory understanding of this radical notion of the Founders is more urgent than ever. Thomas Jefferson's Qur'an is a timely look at the ideals that existed at our country's creation, and their fundamental implications for our present and future.
