"From Funny Or Die senior writer and former artistic director at the Upright Citizens Brigade Theatre comes a collection of absurdist, hilarious stories and essays on relationships, technology, and contemporary society. A brave archaeologist journeys into a suburban man cave. Leif Eriksson writes Christopher Columbus a long overdue letter. A corporate flack admonishes a room of marijuana sales people to get their revenues up. A young man's penis turns into a lobster. Walt Whitman even teaches a spin class. With humor, originality, and narrative guile, Nate Dern examines man buns, dating apps, Wi-Fi terms and conditions, juicing crazes, vegetarianism, and so much more, all while plumbing his own life and a series of fantastical scenarios for a truth that's both revelatory and beautiful."--Jacket.

Containing recollections from more than 80 of the comedic giant's closest friends and colleagues, this absorbing biography explores Del Close's old haunts, his sensational past, and the reality behind the tales he told so often. From traveling with a carnival and hanging out with a pre-Scientology L. Ron Hubbard to riding with the Merry Pranksters and using a coven of witches to help him kick a lifelong cocaine habit, Close led an incredibly rich life--one whose absurdity proved great fodder for improv theater. Astute and compassionate, Close influenced improvisational theater's greatest comedic talents of the last 50 years--Nichols and May, Lenny Bruce, Bill Murray, Chris Farley, Tina Fey--and coached the witty masterminds behind such comedic institutions as Second City, "Saturday Night Live," Groundlings, and the Upright Citizen's Brigade.

Aaker and Naomi Bagdonas teach the popular course *Humor: Serious Business* at the Stanford Graduate School of Business, where they help some of the world's most hard-driving, blazer-wearing business minds infuse more humor and levity into their work and lives. In *Humor, Seriously*, they draw on findings by behavioral scientists, world-class comedians, and inspiring business leaders to reveal how humor works and—more important—how you can use more of it, better. Aaker and Bagdonas unpack the theory and application of humor: what makes something funny, how to mine your life for material, and simple ways to identify and leverage your unique humor style. They show how to use humor to rebuild vital connections; appear more confident, competent, and authentic at work; and foster cultures where levity and creativity can thrive. President Dwight David Eisenhower once said, “ A sense of humor is part of the art of leadership, of getting along with people, of getting things done. ” If Dwight David Eisenhower, the second least naturally funny president (after Franklin Pierce), thought humor was necessary to win wars, build highways, and warn against the military-industrial complex, then you might consider learning it too.
