John Richard Hersey was an American writer and journalist. He is considered one of the earliest practitioners of the so-called New Journalism, in which storytelling techniques of fiction are adapted to non-fiction reportage. Hersey's account of the aftermath of the atomic bomb dropped on Hiroshima, Japan, was adjudged the finest piece of American journalism of the 20th century by a 36-member panel associated with New York University's journalism department.

Riveting and compelling, *The Wall* tells the inspiring story of forty men and women who escape the dehumanizing horror of the Warsaw ghetto. John Hersey's novel documents the Warsaw ghetto both as an emblem of Nazi persecution and as a personal confrontation with torture, starvation, humiliation, and cruelty -- a gripping and visceral story, impossible to put down.

"A new edition with a final chapter written forty years after the explosion."

A saga of a magnificent violin, Antonietta, named after a beautiful woman who was the inspiration of Antonio Stradivari's later years. As Hersey brings Mozart, Berlioz, and Stravinsky to life, he offers us a marvelous celebration of the changing character and eternal art and power of music.

Alternating a tale of the past that has become a part of Key West legend with a contemporary story that reflects the pulse of life there today, Hersey weaves in these stories a brilliant human tapestry of the place that means a great deal to him. From the author of *A Bell For Adano* and *Hiroshima* comes this final collections of stories.

From the revered Pulitzer Prize winning journalist and writer, comes his National Bestseller on one of the world's oldest and most popular activities, fishing. Presented in narrative form as a conversation between a Fisherman and the Stranger, Hersey draws upon his own experiences and passion as the fisherman reflects on the age old sport, offering his own insights and thoughts. From the depths of the ocean to the creatures near the shore, Hersey perfectly answers why fishing has been such an integral part of humanity. "Almost no one has answered "why fish?" better than Mr. Hersey . . . what he does best of all is evoke wonder." *New York Times Book Review* "Blues is, of course, about much more than the pleasures and techniques of fishing; it is, as Fisherman tells Stranger, about interconnections—the ties between mankind and the natural world, among others." *The New Yorker* "Wonderful . . . He gives us a rich and vivid sense of ocean life. . . . The whole thing is as stately as a minuet, and as graceful." *Chicago Sun-Times*

John Fist is a talented overachiever who has become restless and bored in his second year at Sheldon, an elite New England college. He is losing motivation, increasingly finding it "too far to walk" to his philosophy class across campus. So when the devil in sophomore's clothing (a fellow student named

Chum Breed) offers him all the most intense experiences of the modern world in exchange for a twenty-six-week lease on his soul, Fist eagerly signs up. The anticipated adventures, however, turn out not to be quite what he had bargained for. Pulitzer Prize-winner John Hersey's *Too Far to Walk* is a bracing updating of the classic Faust legend, a compelling coming-of-age novel, and a masterful work of mid-century fiction.

A monumental reevaluation of the career of John Hersey, the author of *Hiroshima* Few are the books with as immediate an impact and as enduring a legacy as John Hersey's *Hiroshima*. First published as an entire issue of *The New Yorker* in 1946, it was serialized in newspapers the world over and has never gone out of print. By conveying plainly the experiences of six survivors of the 1945 atomic bombing and its aftermath, Hersey brought to light the magnitude of nuclear war. And in his adoption of novelistic techniques, he prefigured the conventions of New Journalism. But how did Hersey—who was not Japanese, not an eyewitness, not a scientist—come to be the first person to communicate the experience to a global audience? In *Mr. Straight Arrow*, Jeremy Treglown answers that question and shows that *Hiroshima* was not an aberration but was emblematic of the author's lifework. By the time of *Hiroshima*'s publication, Hersey was already a famed war writer and had won a Pulitzer Prize for Fiction. He continued to publish journalism of immediate and pressing moral concern; his reporting from the Freedom Summer and his exposés of the Detroit riots resonate all too loudly today. But his obsessive doubts over the value of his work never ceased. *Mr. Straight Arrow* is an intimate, exacting study of the achievements and contradictions of Hersey's career, which reveals the powers of a writer tirelessly committed to truth and social change.

In *Here to Stay* John Hersey tells of episodes in the past twenty years in which Man has courageously risen above desperate situations and shown his determination to survive despite the threats of the nuclear age. Mr. Hersey first tells the story of an old lady marooned on a rooftop amidst floods caused by a hurricane. He ends with his famous *Hiroshima*, the story of the survivors of the first atomic bombing, written from personal investigation, with horrifying detail and compassionate indignation. Between these two pieces we read of John Kennedy's heroism in rescuing the crew of his PT boat, sunk by the Japanese, seventeen years before he became President; a Jew's suffering in Auschwitz; a crippled G.I.'s difficulties in adjusting himself to civilian life; the rehabilitation of a soldier paralyzed with fright; the adventures of two Poles who survived persecution; and a most moving account of an escape from Hungary in 1956. All John Hersey's books have had a serious purpose. *A Bell for Adan* drew attention to Italy's plight; *The Wall* studied the Polish Jews' struggle against tyranny; *The War Lover* exposed the war mentality; *The Child Buyer* showed up the exploitation of talent. *Here to Stay* is a stirring reminder of our inherent ability to meet the challenge of extinction which now faces the world.

In the immediate sense, this long, eventful and agonizingly suspenseful novel shows what fear, secret hidden fear, can do to even one of those seeming heroes, a war lover. In the longer view, however, this may come to be regarded as the great and ultimate anti-war novel of our time. The scene is an American bomber base in England sometime before D-Day. The characters are the crew of a Flying Fortress named *The Body*, particularly the pilot, Buzz Marrow, and the co-pilot, Boman, who tells the story of his worship of Marrow, and of how his hero succumbed, on their final crucial mission, to the fatal weakness with which he camouflaged his fear—his secret delight in annihilation. Boman also tells the story of the English girl he loved (and Mr. Hersey's many admirers will note a new tenderness and passion in these scenes), and of her fateful intervention in Marrow's collapse. Both narrative lines flow together and are superbly united in the sustained and powerful climax.
