After it was over, World War I was called "the war to end all wars" because it was so destructive that the nations of the world wanted to prevent such slaughter from ever happening again. This prompted prolonged negotiations over proposed solutions like the League of Nations. Unfortunately, rather than end war, the harsh terms of the Treaty of Versailles in 1919 set the stage for World War II.

Sabaton - The End of the War to End All Wars Lyrics ...

The War to End War was the title of Laurence Stallings's 1959 book on the war. It was also a title of a chapter of the American high school history textbook The American Pageant (first published 1956), and remained so up to its 15th edition in 2013. However, "The War to End All Wars" was used by later authors such as Edward M. Coffman (1968), Russell Freedman (2010) and Adam Hochschild (2011). See also. Mutual assured destruction; Peace for our time

The end of the Cold War was in a sense a return to the end of World War I, restoring sovereignty to the countries of Eastern Europe, one reason they are so eager to defend it now.

The War to End All Wars? Hardly. But It Did Change Them ...

It lasted four years. While the match igniting the "war to end all wars" was lit by the assassination of Austria 's Archduke Ferdinand on June 28, 1914, formal declarations of war occurred 100...

In this riveting and suspenseful New York Times best-selling book, Adam Hochschild brings WWI to life as never before... World War I was supposed to be the "war to end all wars." Over four long years, nations around the globe were sucked into the tempest, and millions of men died on the battlefields. To this day, the war stands as one of history's most senseless spasms of carnage, defying rational explanation. To End All Wars focuses on the long-ignored moral drama of the war's critics, alongside its generals and heroes. Many of these dissenters were thrown in jail for their opposition to the war, from a future Nobel Prize winner to an editor behind bars who distributed a clandestine newspaper on toilet paper. These critics were sometimes intimately connected to their enemy hawks: one of Britain's most prominent women pacifist campaigners had a brother who was commander in chief on the Western Front. Two well-known sisters split so bitterly over the war that they ended up publishing newspapers that attacked each other. Hochschild forces us to confront the big questions: Why did so many nations get so swept up in the violence? Why couldn't cooler heads prevail? And can we ever avoid repeating history?

Nonfiction master Russell Freedman illuminates for young readers the complex and rarely discussed subject of World War I. The tangled relationships and alliances of many nations, the introduction of modern weaponry, and top-level military decisions that resulted in thousands upon thousands of casualties all contributed to the "great war," which people hoped and believed would be the only conflict of its kind. In this clear and authoritative account, the Newbery Medal-winning author shows the ways in which the seeds of a second world war were sown in the first. Numerous archival photographs give the often disturbing subject matter a moving visual counterpart. Includes source notes, a bibliography, and an index.

The War to End All Wars is considered by many to be the best single account of America's participation in World War I. Covering famous battles, the birth of the air force, naval engagements, the War

File Type PDF The War To End All Wars

Department, and experiences of the troops, this indispensable volume is again available in paperback for students and general readers.

Offers an informative look at the events that lead to World War I; a review of the war on land, at sea and in the air; overviews of the tactics used by flying aces Billy Bishop and the Red Baron; a discussion of the largest sea battle in history; and an examination of the deadly confrontations that took place on the Western Front.

Raging for over four years across the tortured landscapes of Europe, Africa and the Middle East, the First World War changed the face of warfare forever. Characterised by slow, costly advances and fierce attrition, the great battles of the Somme, Verdun and Ypres incurred human loss on a scale never previously imagined. This book, with a foreword by Professor Hew Strachan, covers the fighting on all fronts, from Flanders to Tannenberg and from Italy to Palestine. A series of moving extracts from personal letters, diaries and journals bring to life the experiences of soldiers and civilians caught up in the war.

Now A Major Motion Picture Starring Robert Carlyle and Kiefer Sutherland 'Waking from a dream, I suddenly realized where I was: in the Death House—in a prison camp by the River Kwai. I was a prisoner of war, lying among the dead, waiting for the bodies to be carried away so that I might have more room.' When Ernest Gordon was twenty-four he was captured by the Japanese and forced, with other British prisoners, to build the notorious 'Railroad of Death', where nearly 16,000 Prisoners of War gave their life. Faced with the appalling conditions of the prisoners' camp and the brutality of the captors, he survived to become an inspiring example of the triumph of the human spirit against all odds. To End All Wars is Ernest Gordon's gripping true story behind both the Academy Award-winning film The Bridge on the River Kwai starring Alec Guinness and the new film To End All Wars directed by David Cunningham.

A dramatic account of the Americans who tried to stop their nation from fighting in the First World War—and came close to succeeding. In this "fascinating" (Los Angeles Times) narrative, Michael Kazin brings us into the ranks of one of the largest, most diverse, and most sophisticated peace coalitions in US history. The activists came from a variety of backgrounds: wealthy, middle, and working class; urban and rural; white and black; Christian and Jewish and atheist. They mounted street demonstrations and popular exhibitions, attracted prominent leaders from the labor and suffrage movements, ran peace

File Type PDF The War To End All Wars

candidates for local and federal office, met with President Woodrow Wilson to make their case, and founded new organizations that endured beyond the cause. For almost three years, they helped prevent Congress from authorizing a massive increase in the size of the US army—a step advocated by ex-president Theodore Roosevelt. When the Great War's bitter legacy led to the next world war, the warnings of these peace activists turned into a tragic prophecy—and the beginning of a surveillance state that still endures today. Peopled with unforgettable characters and written with riveting moral urgency, *War Against War* is a “fine, sorrowful history” (The New York Times) and “a timely reminder of how easily the will of the majority can be thwarted in even the mightiest of democracies” (The New York Times Book Review).

A close look at Woodrow Wilson's political thought and international diplomacy In the widely acclaimed *To End All Wars*, Thomas Knock provides an intriguing, often provocative narrative of Woodrow Wilson's epic quest for a new world order. This book follows Wilson's thought and diplomacy from his policy toward revolutionary Mexico, through his dramatic call for “Peace without Victory” in World War I, to the Senate's rejection of the League of Nations. Throughout, Knock reinterprets the origins of internationalism in American politics, sweeping away the view that isolationism was the cause of Wilson's failure and revealing the role of competing visions of internationalism—conservative and progressive.

"The lamps are going out all over Europe, we shall not see them lit again in our time." -Sir Edward Grey, British Foreign Secretary The First World War, also known as the Great War, involved over thirty nations and resulted in the deaths of millions of young men. This stunning new book brings history to life as we see the war through the eyes of the young conscripted servicemen on all sides of the conflict. Introducing the advent of tanks, airplanes, air raids, submarines and gas attacks, we take a close look at the first modern war of the 20th Century. From the assassination of Archduke Franz Ferdinand in Sarajevo to the Treaty of Versailles we see for ourselves what life was like in the trenches, on the home front, at sea and in the air. This is more than just a history book; it is a fully illustrated journey into another age. We follow the fortunes of a group of young conscripts and volunteers to discover what life was really like in the trenches and how they coped with returning home after the horrors of the front line.
